A student is introduced to high school life in the Lincoln Junior High Building. This school was built in 1927 to house the 7th and 8th graders. All Junior High activities and classes are carried on in this building. The students have their own gym, home ec, manual arts, and art rooms.

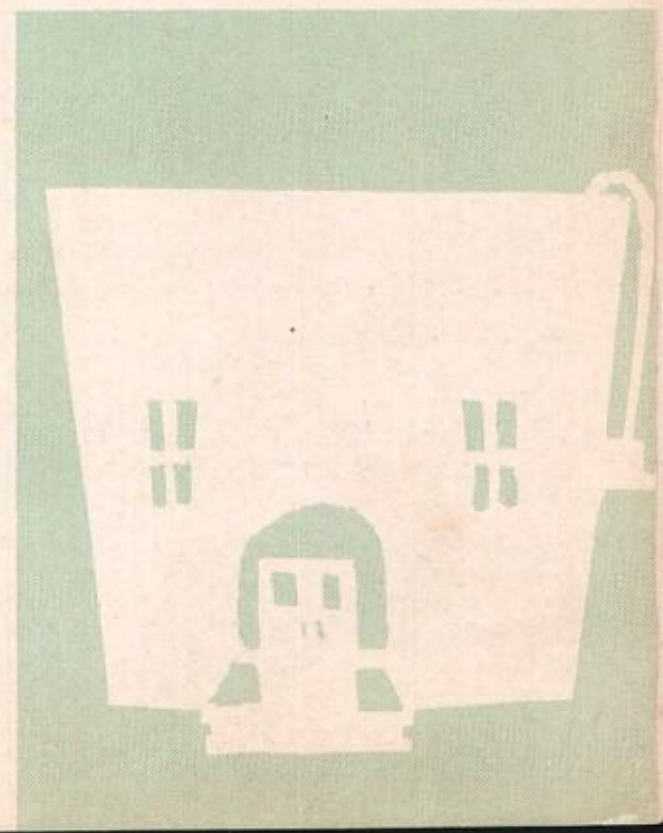

Handsome Frank -
 Best of luck always

The newest of the three buildings is the Edison Building, added in 1937 with the help of W. P. A. labor. Modern architecture and cream colored brick distinguish it. Some of its special features are the large swimming pool, farm shop, and library. The art room and two large music rooms represent the finer arts for the entire school. Though the Edison Building is "home" for the freshmen, upper classmen also make use of its facilities.

You're Typical Teens — Making Fun Out Of Work And Sharing Interests

*To Frank
+ all the good
times on the last
Sippahs
Kerry*

UPPER LEFT: For the first time students have been able to receive a grade for work combined with school studies. Dan Jones does this by running a crank-shaft at the Motor Company.

LOWER LEFT: Sports, the most popular family activity, brings father and son together. Here Dave Buechler, his father, and brother, try a little target practice to perfect their aim.

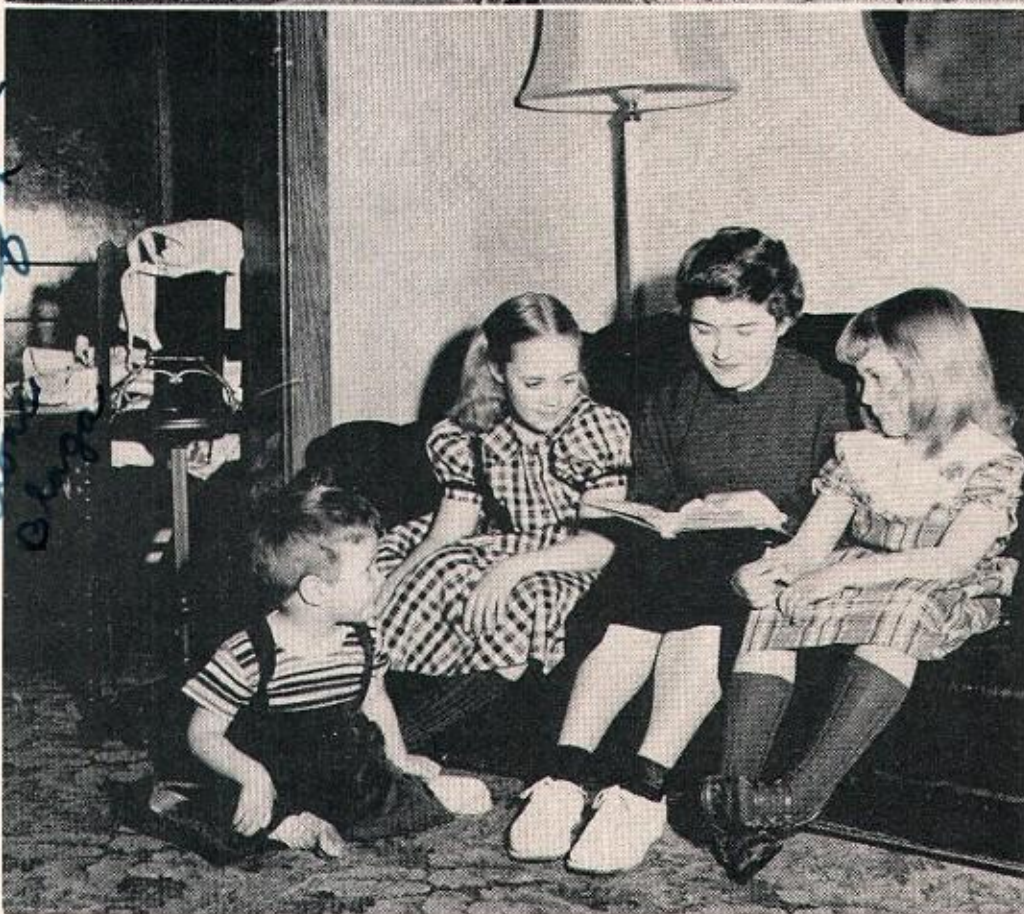

UPPER RIGHT: Monopolizing the family phone seems to be a characteristic of every teen-age girl. Here Lois Hatzinger, with apple and dog, settles down for a long conversation.

CENTER: Two heads are better than one when it comes to homework, especially if it's the kind of homework the teacher doesn't assign. Proving that point are Sally Rosenmerkel and Chuck Morey.

LOWER RIGHT: Like most of the teen-age girls, Sharon Goodrich earns her spending money by baby-sitting. The Glaeser children consider Sharon a member of the family and listen attentively as she reads them a good story.

*Frank

Typical girl . . . Barbara, 16 years old . . . height 5'3" . . . weighs 120 lbs. . . . owns 5 sweaters . . . has brown hair . . . blue eyes . . . is middle in the family . . . has 1 sister . . . 1 brother . . .
Typical boy . . . Bob, 16 years old . . . height 5' 8" . . . weighs 150 lbs. . . . has brown hair . . . blue eyes too . . . is oldest in family . . . has 1 sister . . . no brothers . . . is likely to have had a crew cut. . . .

*You Like Jean Dances
But Change To Glamor
When It Fits Your Mood*

Glitter, crepe paper roses and streamers disguised the gym for the night of the prom, while the usual school clothes were replaced by tux and beautiful formals. The excited anticipation of the prom goers came to a climax in the grand march led by Junior Class President, Fred Goerke and his queen Janet Owens.

UPPER RIGHT: At every important dance there's a king and queen. Certainly this dance, the new Athletic Dance over which Fred Ferguson and Lois Graf reigned was no exception.

CENTER: Before the dance, primping and priming seem to be of great importance. With hair in place lipstick straight, and flowers on, Shirley Smith and these girls are ready to pass any kind of male inspection.

LOWER RIGHT: Weeks of work consisting of making trellises and 4,000 crepe paper roses preceded the actual trimming of the gym for the 1951 prom.

Typical student . . . doesn't go steady . . . but dates . . . about 5 times a month . . . knows how to dance . . . likes it . . . dress up signs . . . heels for her . . . tie for him . . . probably knows how to drive . . . relies on the family bus . . . manages to use it . . . twice a week . . . or more . . . unless he's one of lucky 75 . . . who drive their own . . . has television at home . . . watches it regularly . . . usually 2 hours a night. . . .

You Go Out For Sports To Compete Or Watch And Help Waukesha Win

UPPER RIGHT: Many a Friday at 2:45 the gym rang with the pep and enthusiasm of the crowd. The cheerleaders "put their best foot forward" as they put zep into the yells.

UPPER LEFT: "Keep your head down and you won't belly flop!" may be heard from the pool leaders as they teach the correct skills in diving.

LEFT: At all the football games the enthusiasm and loyalty shown by the sports fans of Waukesha High proved to be of equal standing and especially noticeable at touchdown time.

UPPER RIGHT: Twenty boys acting as mules, a cart and a driver, constituted the F. F. A. homecoming float, which took 1st place. They have earned this honor for three successive years enabling them to keep the plaque.

LOWER LEFT: Nancy Dresdow and Dr. Eisle inspect the work. The others put last minute touches on the F. B. L. A. float before it passes the watchful eye of the judges for homecoming honors.

LOWER RIGHT: Art Rahn, considered to be one of the best spikers in the state, sends the ball flying across the net as his teammates are ready to back him up.

Interested in all sports . . . as a spectator . . . a real football fan . . . baseball second choice . . . shares this interest with his family . . . prefers swimming . . . as an active sport . . . though football . . . rates second . . . also . . . goes out for other activities . . . at least one . . . or two . . . besides this . . . holds down a job . . . girls baby sit . . . often 8 hours a week . . . boys on the farm . . . or in stores . . . up to 20 hours a week . . . little spare time. . . .

Your Daily Schedule Is A Familiar Pattern Of High School Life

LEFT: Through the courtesy of G. A. A. candy sellers, every kind of candy bar from "Heath" to a "Milky Way" is available to the students. And how hard it is to pass up when you end an exhausted school day.

LOWER LEFT: The busses are here! 8 o'clock in the morning brings with it the arrival of 660 rural students on 13 yellow busses. These students comprise about 1/3 of the student body.

UPPER RIGHT: Directing traffic and pedestrians keeps Officer Cotter, better known to the students as "Charlie," busy during lunch hours and before school. This is one more step in Waukesha's safety program.

LOWER LEFT: Better late than never is the motto of these latecomers. However, repeating this act too many times may warrant detention for many.

LOWER RIGHT: "Look what I've got," calls Mary Ivanka as she leaves school after a most satisfying day. She looks pleased and why shouldn't she? 5 subjects and 5 A's!

Gets up . . . well . . . 6:30 . . . or maybe 7:00 . . . and sometimes over sleeps . . . rides the bus . . . poke, that is . . . town kids walk . . . eats at school . . . brings his own lunch . . . enjoys school life . . . although . . . doesn't always admit it . . . likes English best . . . studies . . . some . . . doesn't always have homework . . . he says . . . but when he does . . . it totals 3 hours . . . a night? . . . no . . . a week! . . . averages a C . . .

Starry-eyed Graduates

Gala Farewell Parties

The End Of Your Year

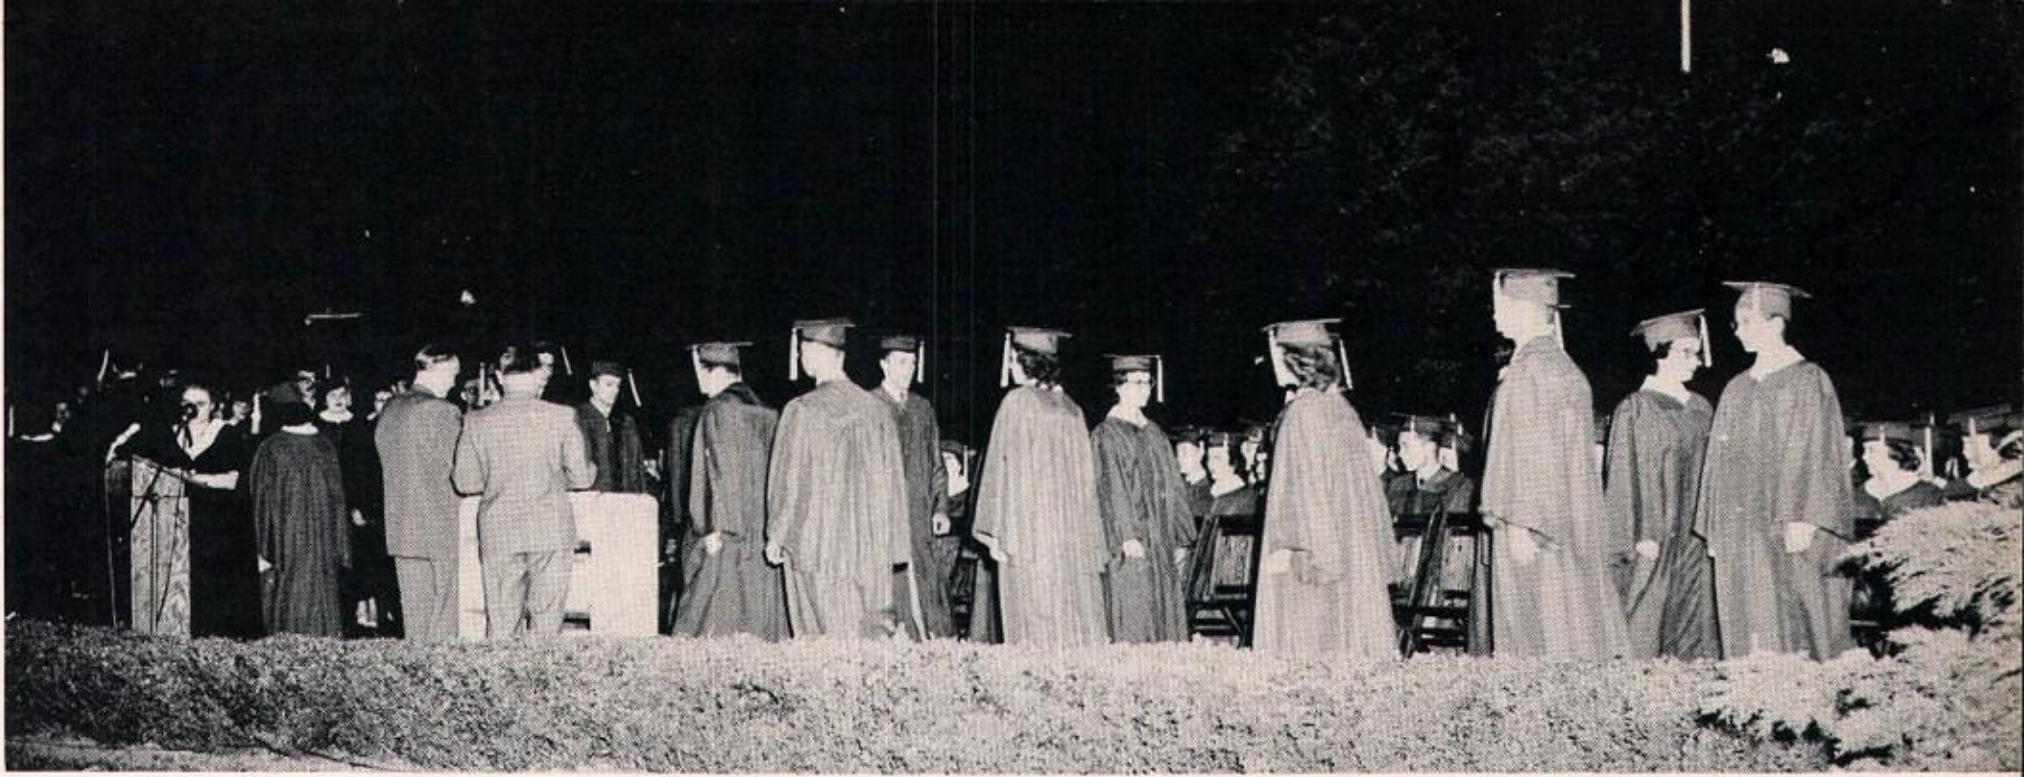

UPPER LEFT: One sure sign of the school year's end is the long line for returning books. Those students who had kept their books in a presentable manner were rewarded with a dollar refund.

UPPER RIGHT: Students, parents, and teachers listen attentively to Mr. Shields speak. Castles, pages to escort the honored, and a king to present them with awards, along with the speakers, were the highlights of the Honor Society Banquet.

LOWER LEFT: "Oh's" and "ah's" are heard above the excitement of signing and reading Meg's, as Bob Vrakas, Bernie Stokes, Barbara Imig, and Harold Krysak are engrossed in their Megs.

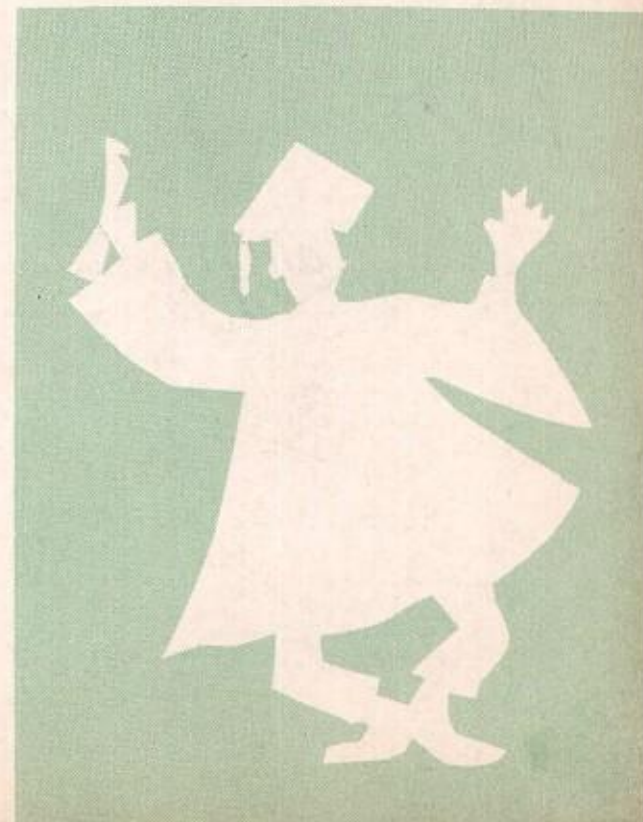

UPPER RIGHT: To the strains of "Pomp and Circumstance" the seniors march to receive their diplomas which will make them full-fledged graduates.

RIGHT: It must be a mouse! For what else could cause such astonished looks on the faces of these kids as they literally take to the sky at the Megaphone picnic. Practically every group in school climaxes their activities with such a picnic.

Belongs to a church . . . goes regularly . . . thinks quite seriously . . . sometimes . . . worries . . . about the future . . . U M T . . . the draft . . . college . . . can he make it? . . . or afford it? . . . wants a job . . . meantime . . . is out for fun . . . celebrates the end of school . . . with picnics . . . awards . . . banquets . . . signing Megs . . . checks in his books . . . and says . . . "So long, it's been good to know ya" . . .

*Stimulating Classes
 Dedicated To Learning
 Are Basic To Education*

Silence reigns in the library. Magruder's, encyclopedias, and The Readers' Guide are in great demand as ambitious students prepare daily assignments. Others seek recreational reading found in current magazines and popular novels.

Chemistry lab work represents a different kind of homework. And it can be fun, as Lucille Nielsen and Bruce Bieck prove. As for regular homework, the typical student admits that he spends between 40 to 60 minutes in outside preparation.

"Divide $f(X)$ by $(X-r)$ and arrange $f(X)$ in descending powers of . . ." is Miss Hopkins' explanation to Bob Vrakas who has hit a snag in Trig. Such scenes are common after school as students ask for help from understanding teachers.

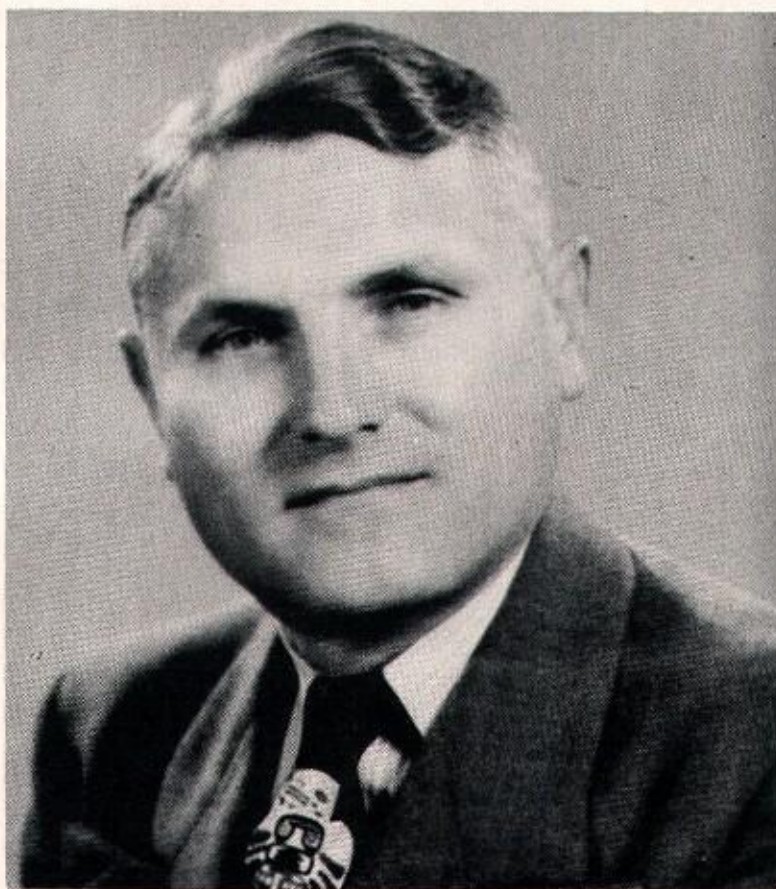

New this year, the faculty council mulls over ideas and problems. Here attention is focused on the current matter of senior privileges presented by Student Council representatives — as well as that 4 o'clock cup of coffee.

MR. R. G. HEIN, Superintendent of Schools.

SCHOOL ADMINISTRATION

A \$970,145,000 business—that's what it costs to run the public schools of Waukesha in 1952! Responsibility for this business is placed in the hands of the Board of Education, nine citizens elected for three year terms by the people of the city. The Board determines the general school policy for the six elementary, the junior and senior high schools. To carry out the Board's rulings and administer the affairs of the school system is the responsibility of the Superintendent, Mr. R. G. Hein. About two hundred people, including classroom teachers, principals, supervisors, maintenance and repairmen, clerical workers, and nursing staff are needed to accomplish the education of Waukesha's children. Pride and joy of the city this year are the two new grade schools, Hadfield and White Rock, which are the last word in modern school architecture. Chief headaches in 1952 and the years ahead are the overcrowded conditions, especially in the high school, and the fact that, with an increasing school population, at least 40% more teachers than at present will be needed in 10 years. Would you like to run for the School Board in 1962?

HIGH SCHOOL ADMINISTRATION

School officials whose interests center around student welfare create a forward looking school. Signs of progress and advanced thinking in Waukesha High are illustrated by consideration of a different type of report card, senior privileges, plans for new auditorium seats, the seating capacity of Haertel Field increased by 700, and the new field dressing rooms (put in use this fall). Mr. Shields, principal, co-ordinates the functions of the school and promotes better relations between faculty, students, and parents. To help him with his direction he inaugurated the Faculty Council which discusses current problems to submit to the general faculty.

In the Edison Building Mr. Goerke, vice-principal, handles student problems and discipline, and if necessary, assigns hours of detention for various misdemeanors. Miss Wolf, principal of Lincoln, assists 7th and 8th graders adjust to high school life.

The administration operates on the theory that the student, if he understands the problem, will choose to cooperate and do the right thing on his own. One proof of this is seen in the extremely low rate of juvenile delinquency in the community.

Homework To Do As

Reel-life comes to a U. S. history class through the visual aid program. Vivid, well-chosen films aid the imagination in interpreting historical figures and movements, thus linking the past with the present.

Using a large size model, David Dix points out the pistil in a lesson on the intricacy of plant structure. Biology students find similar models helpful in understanding the functions of complex organs.

ACADEMIC SUBJECTS

Subjects generally taken by the greater part of the student body include different phases of English, social studies, mathematics, and science. These academic courses are the important cogs in gearing for college. Included in this field are the three favorite subjects of the students — English, biology, and algebra.

English students learn to appreciate literature and how to transfer ideas to paper. Teaching students to express themselves easily is the aim of speech and dramatics.

Courses in civics, world and United States history, and American problems are part of the social studies department. Gained from these classes are a knowledge of past events in the world and present day happenings.

The science department — biology, chemistry, physics, and engineering physics — makes students more aware of their surroundings.

Practical methods of solving everyday mathematics problems are learned from algebra and geometry classes. More advanced math students specialize in college algebra, solid geometry, and trig.

These courses help to develop in the student the personality traits which are necessary for a well-rounded and successful life.

There's Lots To Learn

"Help me next, Mr. Dybvad"! American Problems students labor over confusing tax forms and imaginary incomes. They begin to get an understanding of Dad's March headaches and should certainly be able to offer him some assistance.

For A's And B's They're

Jr. high home ec classes work on their spring wardrobes. Marlene Brimmer pins the hem for Barbara Schultz in this final step while Dorothy Hanke stitches away on her print dress.

Ready, set, go! As Miss Miller times them, first year typists try for forty words a minute on a five minute test. Speed and accuracy are "musts" for future stenos.

New Skills And Crafts Challenge The Mind

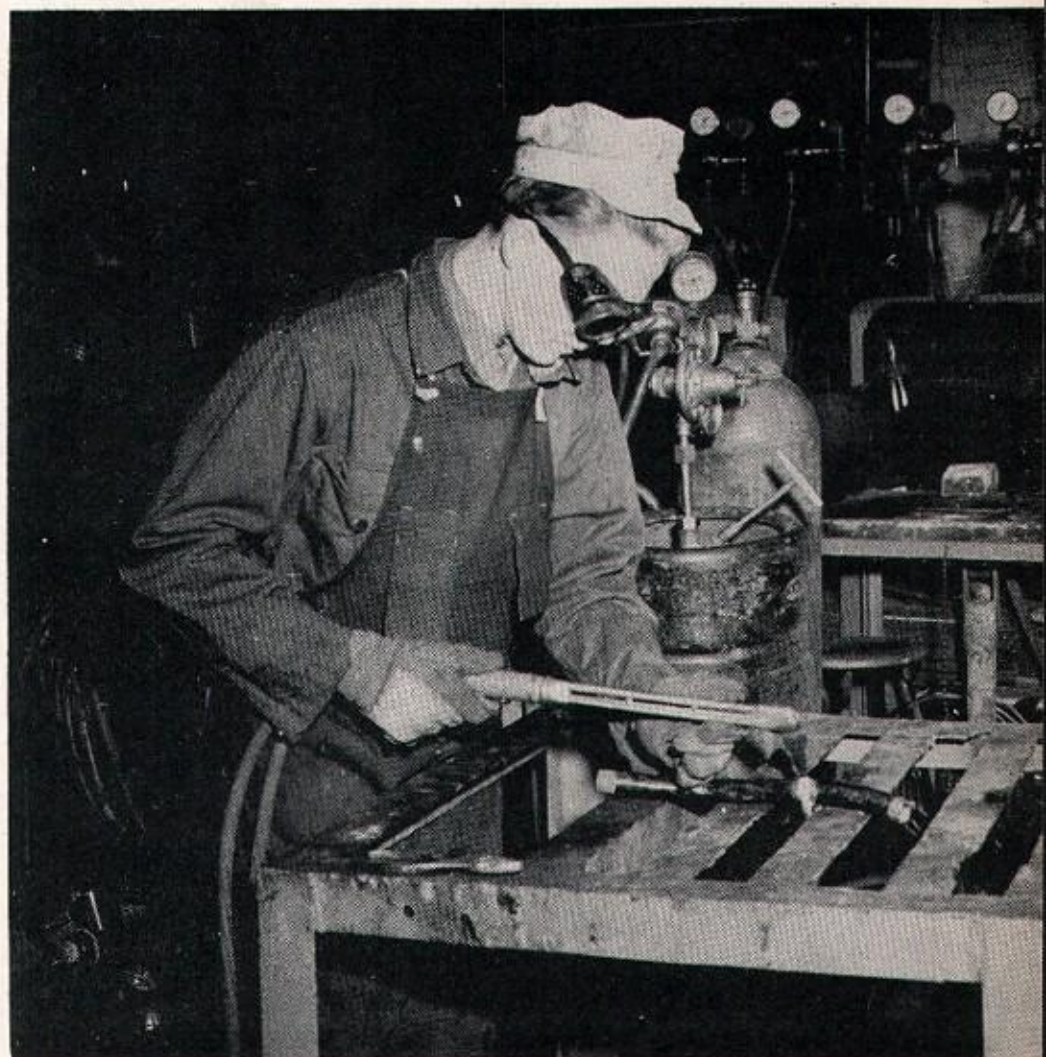

VOCATIONAL SUBJECTS

Unique in the state is the "on the job" training offered to senior commercial and manual arts students. Prospective secretaries get experience by spending part of the school day working in a local office for six weeks.

Manual arts students work half days for a semester in local factories. They receive credit as usual since this work program is supervised by the teacher and the business firm. Subject matter in these departments range from stenographic and clerical training, bookkeeping, commercial law and salesmanship in the one to woodwork, drafting, machine shop, drafting and welding in the other.

Since Waukesha is the heart of America's dairyland, it is natural to have an agricultural department geared to meet farm needs. Animal and plant husbandry, farm economics, shop, plus general ag. features soil and tree conservation, breeding, and all phases of dairying.

On the feminine side (though there are boys' classes too) is Home Ec. Starting out with basic skills in sewing and cooking, the girls progress to design, child care, nutrition, family life and vocational homemaking.

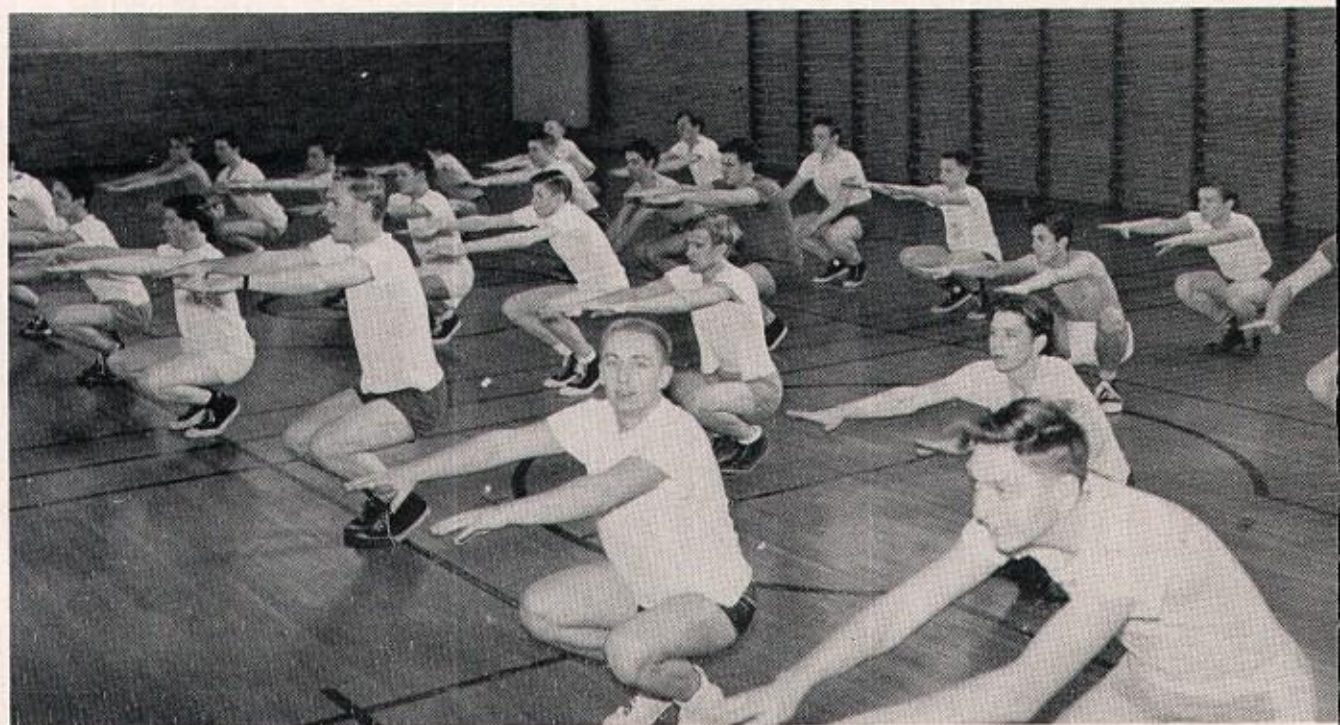

A good welder is much in demand by industry. The school tries to meet this demand by offering classes at the vocational school. Charles Vogel tries for a good "bead" and naturally observes safety precautions.

You can't learn agriculture without using a farm! The stock judging team makes a business call at Fred Kipp's barn to get a practical lesson and find they have the situation well in hand.

Clarinet players try a few trills for Mr. Dollinger who seems to be listening critically. Through these practice sessions coupled with individual work and help, intermediate band members hope to qualify for senior band.

The sophomore gym class gets a strenuous workout in calisthenics. Developing physical fitness is a major part of the physical education program.

Fine Arts And Recreation Lessen The Grind

FINE ARTS

In broadening the horizons there is nothing quite like the fine arts; music, art, and foreign languages.

Taken because of musical talent and interest the various music classes also set high standards in developing an appreciation of good music. Instrumental instruction is given through the bands and orchestra while glee clubs and choirs attract those who like to sing.

Art students quickly discover that this is a wide field and may cover jewelry, fabric, and book cover designing besides ceramics, painting, wood carving, charcoal drawing, and mask making.

Foreign languages are often considered a necessary evil but students enrolled in Latin, Spanish, or German find the knowledge gained is worth the time spent. Besides the language itself, understandings of the culture, customs, and literature of various peoples contribute to their own culture.

PHYSICAL EDUCATION

While not ignoring mental skills, the Phy. Ed. department concentrates on the physical. The athletic program includes gym, pool, and extra-curricular sports. Pool classes attempt to see that everyone learns how to swim. Freshmen gain social skill and learn how to dance in a special rec. gym course.

Colorful bulletin boards add atmosphere (and material for conversation) to the German classes. Medieval Germany is the theme for the efforts of Kathryn Kneiske and Ann Kioseff.

Creative ideas interpreted in applied art lead students into many different fields. Mr. Schrupp and guests at the Fine Arts Festival admire new trends for modern living.

A glorified mess? No, the evidence shows that the Meg is being edited. While Judie Kopplin proof reads, Miss Kline and Marilyn Moore fit picture sizes. 4/5 of all the students belong to one activity with half of them belonging to two.

Can she bake a cherry pie? Sophomore Eileen Cramer demonstrates the tricks of the trade. Eileen, who is very active in F.H.A., won the State Cherry Pie Baking Championship. Incidentally, her clever cap has nothing to do with the taste of the pie.

The presentation of the Oscars! Dick Jones is all smiles as he receives his Mask and Wig Oscar for being the Best Supporting Actor of the year. Dick was one of six to receive an award from Mr. Metzner. Parents were honored guests at this first annual Mask and Wig Banquet.

Did you know there are $1\frac{3}{4}$ kids per foot at the Cardinal Attic on a normal Friday night? This is easy to believe for it is the place where you go to have fun after school and on weekends. 1189 students dance but because there are a few who don't, space is provided for gab sessions.

"Quality Plus" Students

HONOR SOCIETY

What actually does membership in the Honor Society mean? It means that the student has the makings of a future leader and that he or she has put forth a maximum effort in all scholastic activities. This is the very purpose of the Honor Society; to promote scholarship, leadership, character, and service.

Students are chosen for this "quality plus" organization by the vote of teachers, a special faculty committee, and students already in the society. The members, under the guidance of Miss Grace Fardy, their adviser, and the officers, Russell Brockmann, Betty Hughes, Anne McFarlane, and Mary Jo Collins, keep the bulletin boards up to date and make sure that the traditional Christmas Tree is glittering each year.

The Spring Banquet, at which an original program written by the members of the organization is presented, makes this chapter outstanding among the other chapters in the area.

The Quill and Scroll pin signifies that the wearer has done outstanding work on one of the school publications. Sparkling copy, and plain hard work for the Meg, Star, or Pen 'n' Ink, rates a membership in The National Honor Society for High School Journalists.

Honor Society members add holiday atmosphere to the halls with the decoration of their annual Christmas Tree.

Voice Of The Students

STUDENT COUNCIL

Living in a democracy, it is of utmost importance that the people make their own laws. The Student Council performs this needed function on a smaller scale. Together with their faculty advisor, Miss No-helty and the officers; Mike Curran, Dick Normington, Marlene Weeks, and Ed Cohn; the Council helps formulate school regulations and plans student activities.

During the first part of the year the Council focused all its attention on Homecoming. A twenty-eight float parade, field assembly, game, and dance filled out the day's roster and this well planned occasion paid off in big dividends for the team.

The Council's activities were not only local in scope, however, for they sent representatives to the Suburban and State conventions in order to broaden their views in student government. The Council also cooperated with the Ideal Club in a "Clothes for Korea" drive.

Harassed Journalists Have No Time For Idle

CARDINAL STAR

Don't forget to pick up your Star after school tonight. Yes, that means you! With the new policy inaugurated this year, each student is able to enjoy the school paper free of cost. A part of the Star's editing expenses is subsidized by the Board of Education and the rest is taken care of by merchants who use the paper as an advertising medium.

Co-editors Wayne Kirchoffer and Jo Anne Vredenburg are kept busy channeling the news and shaping feature stories of interest to the entire student body. Everyone is familiar with Rod Vilmur's

"Chalk Talk", a column of news and views of the sports world; Roger Pope's clever cartooning; Marietta Rano's feature, "The Senior of the Week"; and the ever-popular gossip column, "Stardust".

In the more serious side of the news reporting the Cardinal Star entered the WATA news contest. Under the direction of Mr. Loewus, the new faculty adviser, the staff featured articles and editorials on the school's part in the anti-TB program. Winning second place in the state was proof of the Star's journalistic excellence.

MEGAPHONE

Listen! What is that rumpus going on in the Megaphone office? Why not open the door and look the situation over? Marilyn Moore, this year's editor, might be tearing her hair out over a missed deadline or lost copy.

The student staff of the Meg is given a free hand in planning the layout of the annual and it is their own ideas and hard work that finally turns out a yearbook covering every phase of high school life. The Meg is built around a different theme each year and the staff, along with the photographers

under the guidance of Mr. Pettigrew, is kept busy all year long. The work of the photographer has been greatly simplified this year by the addition of a Strobe unit to the equipment of the Meg, which enables them to take many shots without changing the flashbulb.

However, it is not all work and no play for the members of the Meg staff. Cokes and jokes are always present at the work sessions and each year is wound up with a picnic at which Miss Kline and Miss Miller, the faculty advisers to the Meg, and the board take a well-earned day off.

Writing — Rewriting Create Literary Skill

PEN 'N' INK BOARD: Jacoby, Kopplin, Mulkey, Mrs. Metzner.

PEN 'N' INK

The only way to learn how to write is — to write. The Pen 'n' Ink club develops and increases the creative ability of its members. Under the supervision and encouragement of Mrs. Metzner, adviser, and Judy Kopplin, president, the club does a number of things. Original writing is done outside of club time and during laboratory periods. At other meetings they divide into groups, exchange

material, and offer criticism. They also discuss material of other students given to them by various English teachers. Some time is spent on exercises in poetry, fiction, non-fiction and description. Because English classes have stressed paragraph work rather than theme writing this year, there was a lack of material so no Pen 'n' Ink magazine was published.

Paint brushes swishing, hammers pounding, and make-up being applied were all part of the excitement and fun of putting on a play. The members of Mask and Wig made it possible for the plays to be successful. Combining fun with work, they aided Mr. Metzner, dramatics director. Costumes worn by the girls in "Chocolate Soldier" were made by the costume committee. The stage crew gave up many hours to build and paint sets. Miss Leman trained the make-up crew, and the publicity committee produced attractive posters. In the spring parents and members attended the annual banquet. Awards were given for outstanding work.

Thespians For A Successful Dramatic Season

When Mr. Metzner went into the grab-bag of talent at Waukesha High School this year, he came up with three time tested plays and many new faces in the acting department. The season began with "Charley's Aunt", a rollicking comedy in which Grant Kluge aptly portrayed the buffooning Aunt. The perfect dramatic impact was delivered by Kathy Costin in the role of a stage-struck starlet in "Stage Door", the season's second offering. The lilting strains of Oscar Strauss' overture to the "Chocolate Soldier" ushered in the big musical of the year. Members of A Cappella composed the chorus in the extravaganza in which Joel Taber and Danny Brown blended their voices in the roles of Nadina and Lieutenant Bumerli, alias the Chocolate Soldier, respectively.

Songs And Folk Music In A Pleasing Manner

A CAPPELLA

The lights dim and the first strains of "Adeste Fideles" are heard as the processional begins the 15th annual Christmas concert of the A Cappella choir. Bringing enjoyment to all, this concert adds a spiritual thrill to the Christmas season.

The choir's repertoire of thirty songs includes religious hymns as "Emitte Spiritum", Negro spirituals as "Shadrach", and gay melodies as "Russian Picnic". Black robes and white collars were worn for twelve performances throughout the year, and formals added lightness to the second half of the Spring concert.

The beginning of the new year brought resolutions of less talking and more practising. Their reward for these hours of hard work was received from the warm reception at Carroll College Convocation.

Probably the choir's biggest thrill came when Miss Monlux announced that they had been invited

to sing with the Waukesha Symphony Orchestra again. Enjoyed by so many last year, a repeat performance was given in May singing this year Cesar Franck's "150th Psalm" and "Turn Back O Man" by Holst under Milton Weber's direction.

The seniors regretfully ended their A Cappella singing careers at Baccalaureate. President Danny Brown directed the traditional blessings, "The Lord Bless You And Keep You".

Twenty-six voices from A Cappella make up the Madrigals. They spend two hours a week practising to give programs for various civic groups and clubs. Madrigals were extended the honor of singing at the opening of the Youth Center. "'Twas The Night Before Christmas" delighted audiences of all ages during the Christmas holidays. They provided the background for a Christmas play singing bits of familiar carols titled "Christmas Day".

A Versatile Band Offers Sweet Music And

BAND

One hundred musical compositions for seventy players of twelve different instruments equals seven thousand pieces of music in the band's library this year!

First there were the marches and the parade music which the band practiced in lively outdoor drills. Precision marching combined with stirring music for display at football games. In addition to school performances, nearly every community parade included the high school band in full marching formation. Five majorettes added a touch of glamour, although they did look a bit chilly on frosty nights.

Next on the list were the symphonic and concert arrangements. These were often more difficult to

play and band members spent extra time in rehearsing for concert and assembly appearances. The annual band program included members of both the beginner and intermediate bands who were being groomed in the fundamentals of fine music by Mr. Dollinger, band master.

Lastly there were the novelty tunes for which the band has earned a happy reputation. These ranged from "The Three Bears" to "Let's Go" from Chiapanecas that was typical of the Pep Band at basketball games. The blaring music of this group at games and pep meetings lent an air of excitement and enthusiasm to these occasions.

MUSIC GROUPS

"It's a grand time for singing!" This, plus the fact that everybody likes to sing, accounts for the large number of willing and eager students that compose these choruses. There are two junior choirs, two girls' choirs, and four ensembles, under the direction of Miss Hoglund. The ensembles are composed of representatives of the mass choirs. The public sees and hears only the finished music, but any chorus member knows that it takes lots of hard work and concentration to produce an entertaining program, such as the one the tenth grade ensemble gave at the opening of the Youth Center. This year's music groups have a record of thoroughly successful assembly programs and guest appearances.

ORCHESTRA

Featured on the program were the classic Mozart's "Suite" as well as such popular favorites as "Syncopated Clock" and "Pizzicato Polka" at the orchestra's formal concert. Ken Shevey, concertmaster, was the soloist. Lighter and more informal was the Pops Concert. Late in the school year the orchestra went to Milwaukee for tournament competition.

During the fourth hour the orchestra room was filled with the strains of both popular and classical music. Other periods Mr. Tilly gave special help and instruction to the string section. One of the few schools in the state to have a fairly large orchestra, the group also furnished its complement of musicians for the Waukesha Symphony.

For Better Rural Living

F. F. A.

Waukesha High can well be proud of the one-hundred and fifty boys who comprise the local "Future Farmers of America" chapter. These boys, under the leadership of Mr. Born and Mr. Rohr are "doing their fullest share in making America truly a horn of plenty" by studying and using the best and newest aids given by science to the farmer. The F.F.A. is a vast organization and at the national convention in Kansas City, which was attended by the officers Fred Kipp, Ernest Michaud, Wayne Drajesk and Oliver Butterfield, the boys swap ideas and soak up as much information as possible.

The boys are constantly on the go, managing projects, serving on committees, and entering into competition at various expositions. They are awarded points and ten boys are given a "W". Outstanding this year were Lloyd Salentine, Jim Swanson, and Dale Hembrook, with a state champion dairy products team. The boys always wind up the year by inviting their parents to a banquet at which laurels are given and adult co-operation is acknowledged.

Business Tycoons Help, Supervise, Lead

A flower decked stage, dress up clothes, and corsages make a real occasion of the F.B.L.A. installation, as president, Joyce Plehn, responds for the newly installed officers.

F.B.L.A.

Did you know that Waukesha High School is one of the only three schools in the state to have an active Future Business Leaders of America organization? In spite of the conflict with other activities they can boast of 103 members. Big thrill of the year came when they were invited to present their installation program at the State Teacher's Convention. Features of the regular meetings all year were skits and panels presented by local business groups to show proper business etiquette. Ambitious F.B.L.A. members were seen at the football games in the fall, selling programs to fans. This and the sponsoring of a Mid-semester Dance were two of the main projects of the club this year. These were organized under the guidance of Joyce Plehn, President; Shirley Juresh, Vice President; Doris Fritzke, Secretary; and Barbara Just, Treasurer. This year for the first time honors were given to the outstanding members by Mr. Piepenburg, the adviser.

Carrying out the cooking side of the domestic arts, was a Pancake Dinner which was given by the girls for their families. In promoting international good will, the girls contributed gifts to the World Christmas Festival and during the Christmas season, officers, Jean Kirkpatrick, president; Helen Kalczynski, vice president; Jean Wonoski, secretary, Helen Kainz, treasurer, and members entertained and played Santa Claus for the children at the Milwaukee Children's Home. COMMISSIONS

The Commissions were established for one common purpose, to make school life more interesting and enjoyable for the students. The Guidance Commission is responsible for Senior Career Night and Visitation day, while the Rec-dance Commission offers the guys and gals many "Big Nights" throughout the year. The Service, Pep and Assembly Commissions also do a fine job in seeing that no niche is left unfilled in our school life.

LIBRARY ROUND TABLE

With 9,151 books in the two high school libraries you'll probably find just what you're looking for. Open goes the book, whump! goes the stamp, and you have more reading pleasure ahead of you. "Be sure to write down your sixth hour class!" There's more to running a High School Library than stamping books, as the members of the Library Round Table can tell you. They meet every Wednesday to discuss library problems with Miss Hoffman, their adviser. If you ever want help or suggestions about reading or reference work try going to the library.

DEBATE

"It is!" "It isn't!" "Yes!" "No!"

To some people that's all that debating means — a group of debaters gathered together to argue about something. But to the students who take debate as a part time subject, it means much more than that. It means finding background material, making sure of statistics, and organizing data. It means sessions with adviser, Mr. Schroeder, until the oratorical bumps are smoothed over. This year the question is: Resolved: That all citizens be subject to conscription in time of war.

SERVICE GROUPS

Trust \$10,000 worth of equipment to a bunch of kids? You may not believe it, but seven boys are responsible for movie projector equipment worth this much. Delivering projectors to classrooms, keeping them in running order, and showing films in assemblies is all part of their jobs. A group of girls keep the offices in contact with other rooms by operating the main switchboard. A P.A. crew aids the assemblies in operating the public address system backstage. School bus roll-takers keep a record of students riding the buses. Fame and recognition may not come to these and other groups who contribute toward the welfare of this school, but they deserve credit for work well done.

"W9NGP signing off, over and out." With this closing another session of the Radio Club comes to an end. This newly organized activity under Mr. Rice meets once a week to delve into the mysteries of "Ham" radio operating. The Science Club under Mr. Kohls includes a small group of students who are interested in the "Physics" aspect of Science.

In the German Club Miss Lemke tries to give the members an appreciation for the contributions the Germans have made to our culture and the part that citizens of German descent have played in the development of America.

Many people do not realize that we have some of the most scenic spots of any place in the country here in Wisconsin. Through experiences related by students and literature which Miss Loomer gathers for them, the Hyways and Byways club gets a better picture of their own state.

Members of the Handicraft and Sketch Clubs under Mr. Schrupp exercise their skill in the "artists anonymous" field with paintings, sketchings, and ceramics.

Thanks to the Photography Club, the school publications will never be short of good photographers. Mr. Pettigrew's purpose in this activity is to help those interested in photography.

Some other new faces in the eighth hour activity group are the archery club, bird club, book club, and oral reading group.

CARDINAL ATTIC

"Let's go to the Attic!"

That phrase is familiar to everyone. The Cardinal Attic with its soft lights, favorite records, tasty cokes, and light conversation is well known and well loved by all teenagers. After the first exciting time spent there, it becomes a natural thing for students to go there after school and on week-end nights. In this strictly teenage atmosphere, the gang feels at ease and in the mood for dancing and having a real good time. The members also take an active part in making the few necessary rules. Each year two members from each grade (9-12) are elected to the Attic Board. These students help Mrs. Brisk, the Attic's friendly hostess, in making things run smoothly. It's a good place to have fun, so come on, everybody;

"Let's go to the Attic!"

The Y-Teens are a busy group, doing everything from sending chocolate bars overseas to putting on their annual "Winter Wonderland" formal.

Hi-Y clubs go on field trips of interest to teenage boys, and put on a Hi-Y carnival each year.

Girl Scouts have cookouts, camping trips, and make their meetings interesting with song-fests and parties.

JUNIOR HIGH ACTIVITIES

All-American athletes, Phi Beta Kappas, outstanding drama stars, alert reporters — these are the goals of the junior high. This year a once-a-week activity period has proved to be a successful experiment. Enthusiasm is high as each student displays his possible skills and talents, sharing ideas and experiences with his classmates.

The Junior Student Council, representing all the homerooms, is devoted to the welfare of the school. At Christmas, the officers, Brad Rahn, Marlene Guttman, and Susan Huddleston together with the members trim the Christmas tree for the Lincoln Building. Throughout the year they manage the Lost and Found, and keep attractive bulletin board displays in the halls. Miss Hanson, their adviser, helps with all their projects. White belts identify the members of the Safety Patrol who are always on the job at the school crossings, "rain or shine." Through the assembly commission, junior high stu-

dents enjoy their bi-monthly assembly programs.

Other activities, such as Boys' Home Ec. Club, Knitting Club, Science Club, shop and art groups promote interest in various hobbies. Seventh and eighth graders interested in sports participate in the active program of the B.A.A. and G.A.A. with help from senior high "big brothers and sisters."

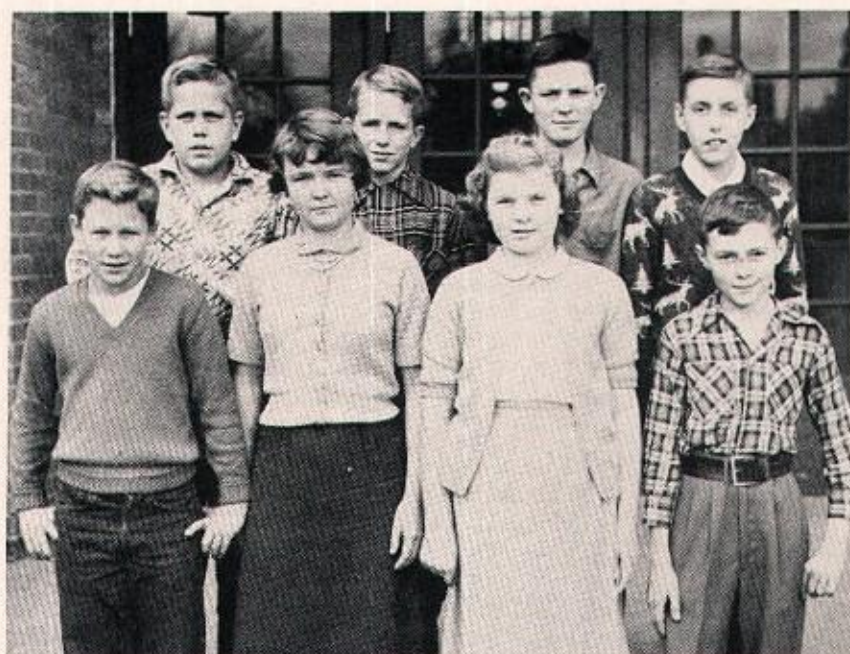

Music by means of the Glee Clubs and Ensembles always attract large numbers of vocalists. For the more creative and serious minded junior higher there is dramatics, writing for the Cardinal Star, and the junior Pen 'n' Ink.

Those who maintain a high scholastic average become eligible for the Junior Honor Society. Membership in their national society, awarded for three semesters of excellent work, is recognized before the assembly when new members are presented with their "torch" by Miss Humphreys, adviser.

Basketball games between S.M.U. and U.C.L.A. intramural teams get as exciting and offer competition as keen as interscholastic sports do. The determination to be in sports brings out over 100 boys to participate in B.A.A. activities.

Football is tops in Waukesha, with such stars as end, Buddy Dresdow, who won honors on the All-Suburban and the All-State squad as polled by the Associated Press. It's no wonder why football is a 6 to 1 choice of Waukesha High School spectators.

Forward Pete Mattiacci makes a fast break for the Shorewood hoop with the speed and accuracy typical of the sophomore wizard. Mattiacci was the first to shatter the individual Suburban scoring record taking second place honors with a season count of 247 points.

Blackshirts Hit Winning Stride To Take

FOOTBALL 1951

Fifteen returning lettermen, plus the top flight coaching of Vince Gavre, Charles Kohls and Dwight Shanks soon turned the squad of anxious yearlings into a team which was ready to bear the Crown of Suburban Grid Champs.

The Waukesha gridders toppled the pre-season favorites, South Milwaukee 12-7, in the opening Suburban Conference game played at the Rocket field. The most unusual play of the game occurred when tackle Dan Jones recovered a South Milwaukee fumble in mid-air and rambled 83 yards for the winning touch down.

Next in the line of victories was the Blackshirts very impressive home opener over the 1950 Defending Champs, Cudahy, 20-0. The Cardinal line held the Packers to a -9 yards rushing.

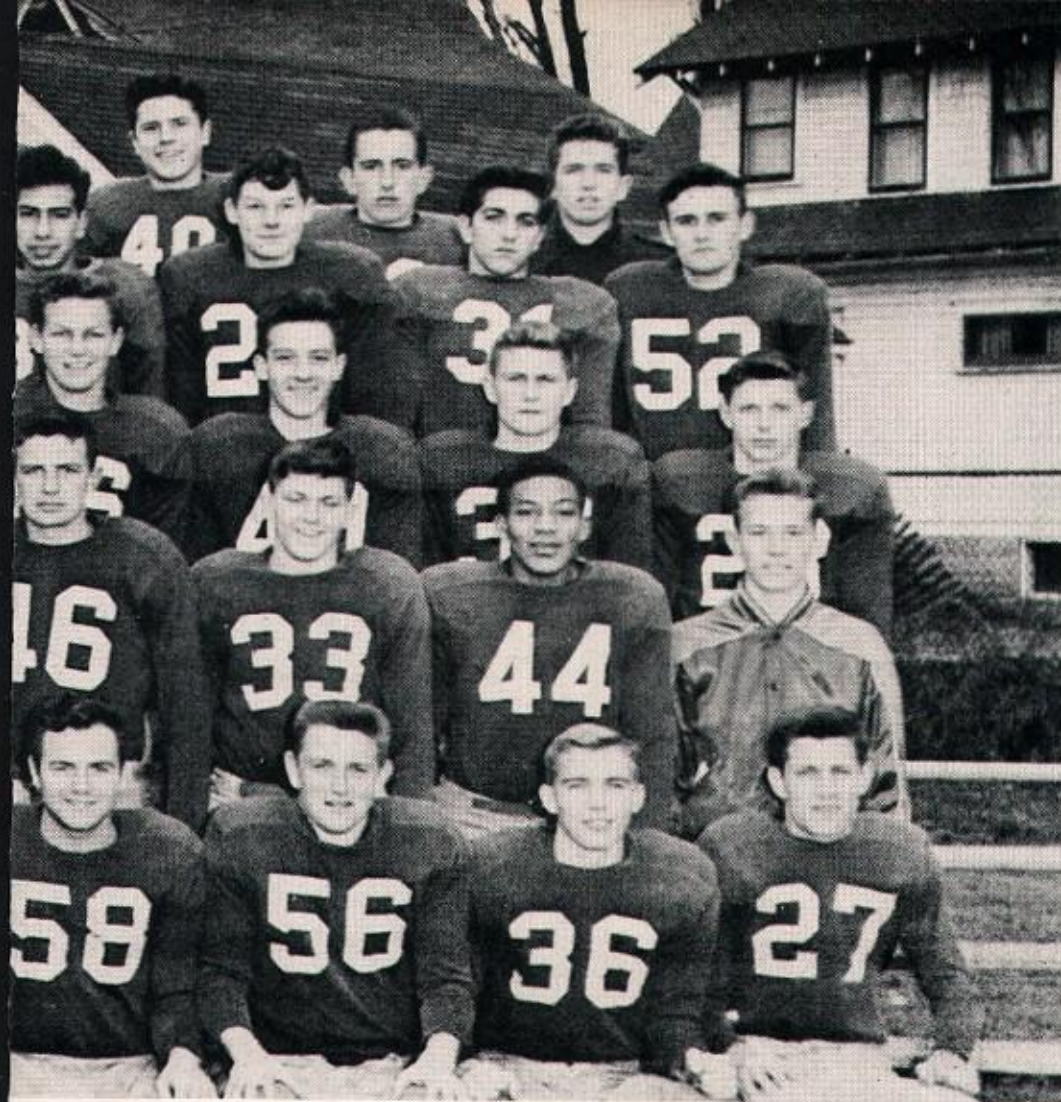

Touchdowns were scored by Mattiacci and Scichili. Mattiacci's second was a beautifully executed play which covered 47 yards. The line play was tops with Dresdow, Biersack, DeSantis, and

Spelius doing a fine job on both defense and offense.

SPELIUS' KICK BRINGS VICTORY

Thrills by the minute were to be seen at Whitefish Bay when the Gavremen pulled a 19-18 victory over the Blue Dukes. The Shirts were in scoring territory five different times and could not capitalize for the score. Brilliant running from Scichili, Ritt and Davis gave Waukesha its third victory. Spelius' winning kick came in the first quarter. Scichili scored two TD'S and Ritt the other.

Again the Cardinals of Waukesha took to the road to capture their Fourth victory in as many games. The victims this time were the Greyhounds of Shorewood by the score of 27-12. Before the hapless puppies knew what had hit them the Cards led 13-0 in the first quarter. Each team scored in the second quarter to make it 20-6. TD'S were scored by Davis, Mattiacci, Scichili, and Dresdow. The big Shirt line showed plenty of power.

Play from the bench . . . Ritt (62), captain for the homecoming game, gets a briefing from Coach Gavre that pays off in another victory for the local Blackshirts.

Experienced Lettermen Write Success Story

SHIRTS TOPPLE TOSA

In one of the most highly contested games of the year, 5,000 Waukesha-Tosa fans cheered until the final bark of the gun ended the game. The scoreboard read, Waukesha 13, Wauwatosa 6.

The Shirts opened up on the first series of downs when QB Mattiacci passed to Dresdow for a touchdown. The play covered 70 yards. Spelius' point was to the right of the goal post.

The half ended, 6-0. The Tosans, not to be denied came out fighting in the second half, led by their brilliant half Spicuzza. Late in the third quarter with Tosa on the Shirts' 12, QB Backman tossed to end Dewey who fought across, for the score, Backman's point was low.

On the next series of downs Waukesha started to roll, Davis took the ball on an off-tackle play and ran 40 yards to the Tosa one foot line. Mattiacci took it over on a QB sneak. This time Spelius' point was good and the Shirts led 13-6.

The Shirts' defense held through the remaining minutes to win.

RAIN, WIND, BLACKSHIRTS STILL WIN

Fighting off an inspired West Allis Hale team plus cold driving rain, the Shirts proved to be the

top defensive team of the conference by taking a 7-0 victory.

Both teams were hampered by the weather, but each team played a wonderful game considering the conditions.

With 4 minutes remaining in the game HB Ritt intercepted a Hale pass on his own 45 yard line and with a couple of good blocks he scampered to the Hale 1 yard line. From there Mattiacci handed off to Scichili who scored standing up. The extra point was scored on a beautifully executed fake kick with Mattiacci passing to Scichili. The Shirts held Hale for the next 3 minutes to gain a hard fought game.

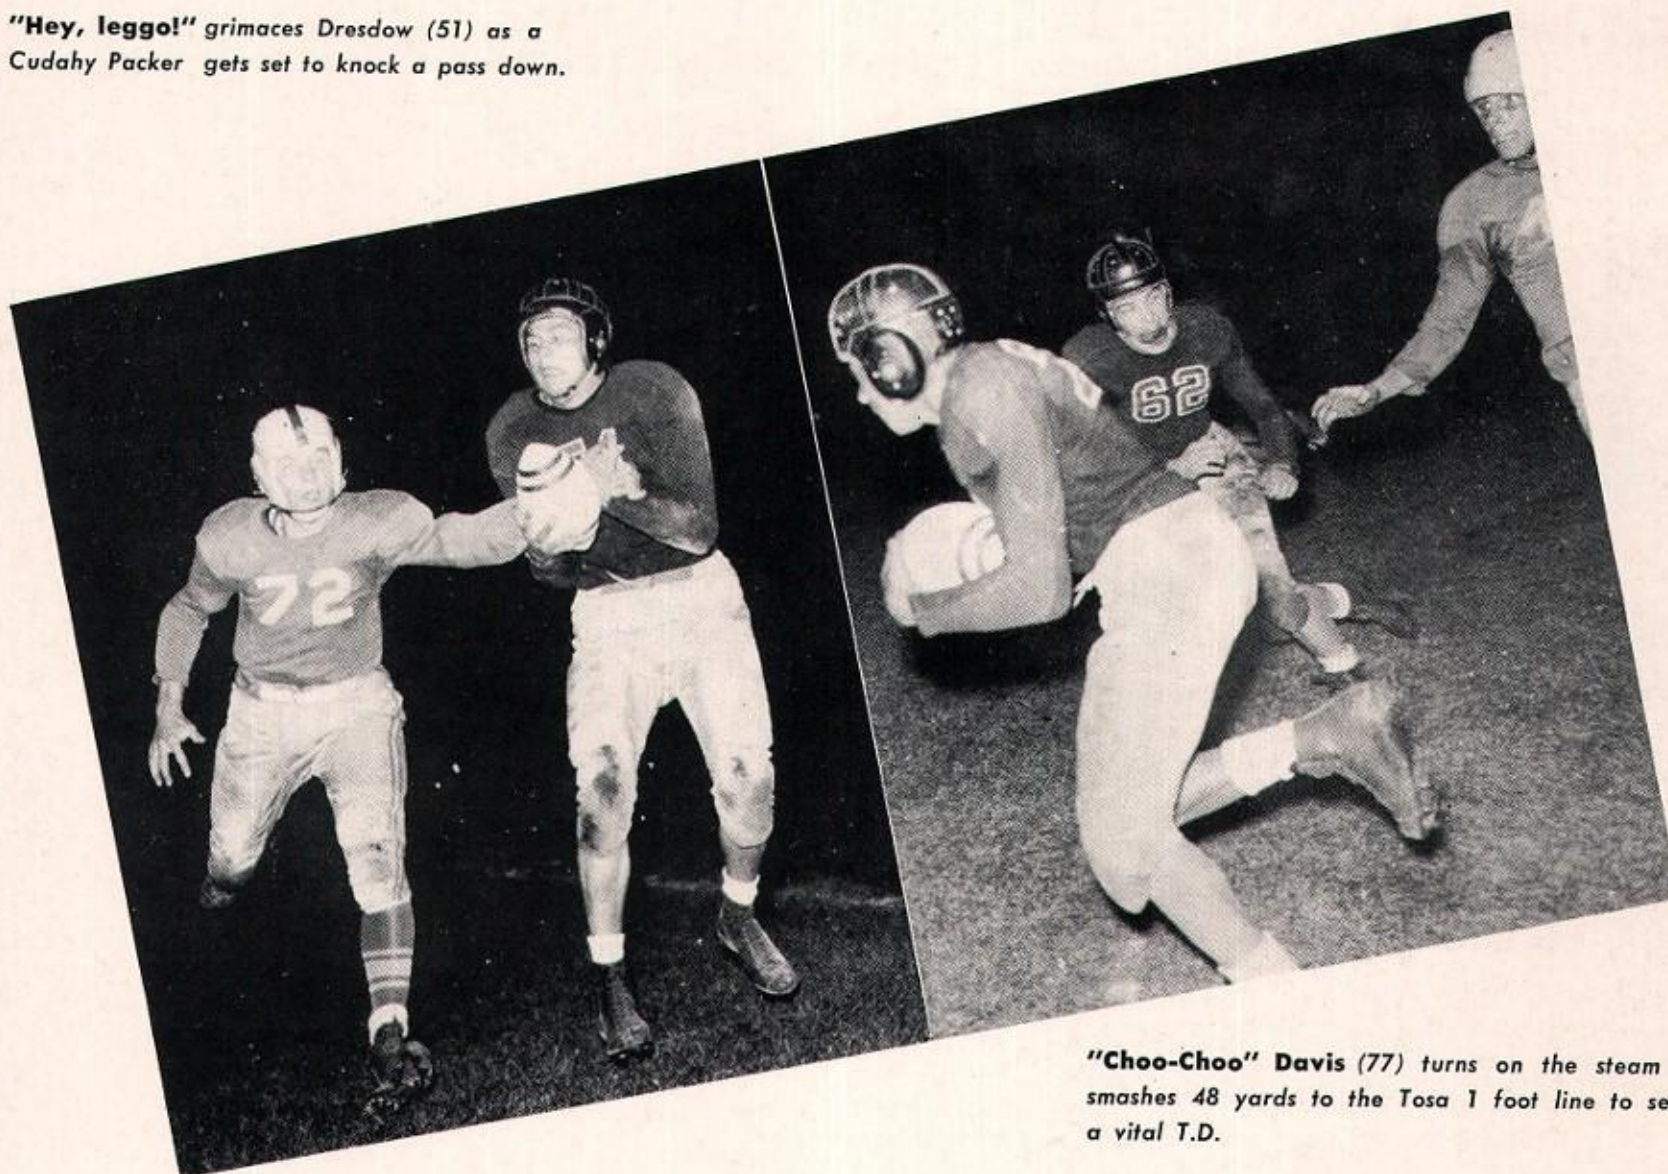

SHIRTS WIN HOMECOMING

The 1951 Homecoming was one of the most successful in many years. The Mustangs of West Milwaukee were the victims of the Suburban Champs, Waukesha. This also was the last game for the Seniors. The seniors played one quarter and were leading 19-0 when the reserves came in. The half ended 26-0. The Shirts 2nd and 3rd teams showed plenty of power and scored two more times for a final 40-0. The Seniors bowed out with seven straight victories and proud owners of the Title Suburban Champions.

Soph prodigy Mattiacci (63) skirts right end in an attempt to break away for a sizeable gain but — Here comes Tosa.

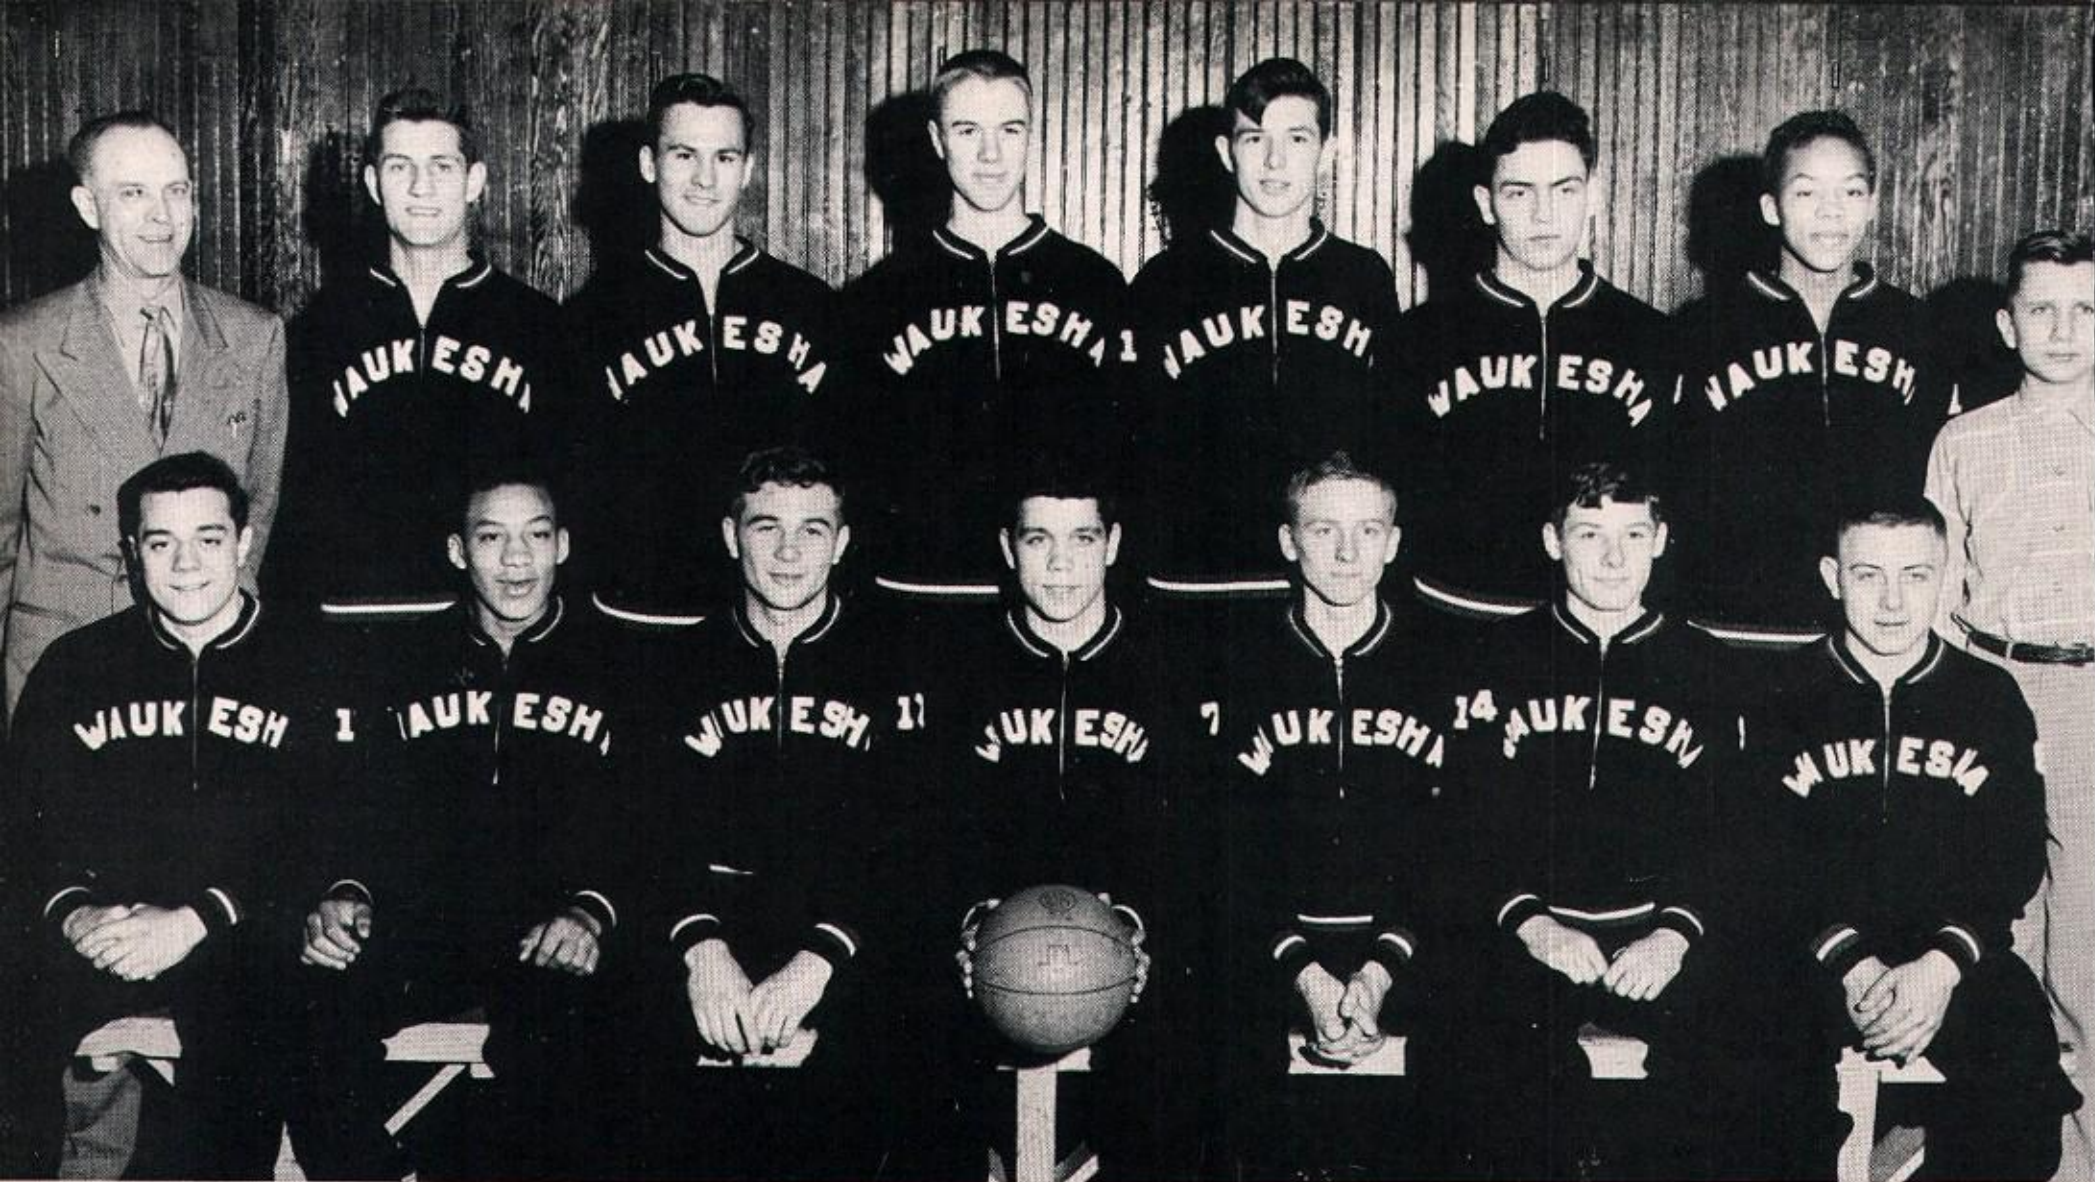

"Hey, leggo!" grimaces Dresdow (51) as a Cudahy Packer gets set to knock a pass down.

"Choo-Choo" Davis (77) turns on the steam and smashes 48 yards to the Tosa 1 foot line to set up a vital T.D.

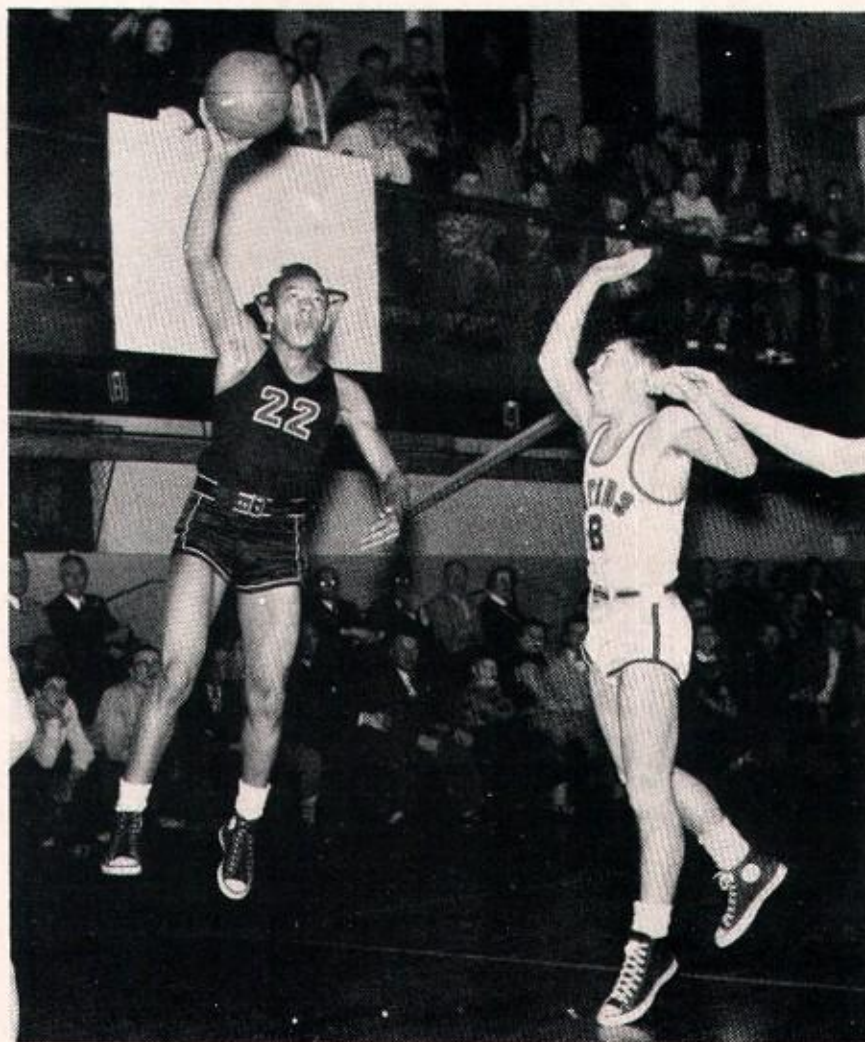

Babe Scichili (65) outraces the Mustang squad to pay dirt in the homecoming rout against West Milwaukee.

BASKETBALL TEAM: BACK ROW: Mr. Saubert, Litt, Dresdow, Smith, Bates, Schwartz, L. Davis, Grout, Manager. FRONT ROW: C. Lombardi, C. Davis, Mattiacci, R. Lombardi, Schaefer, Schweder, Freitag.

Local Hoopsters Rated

BASKETBALL 1951-1952

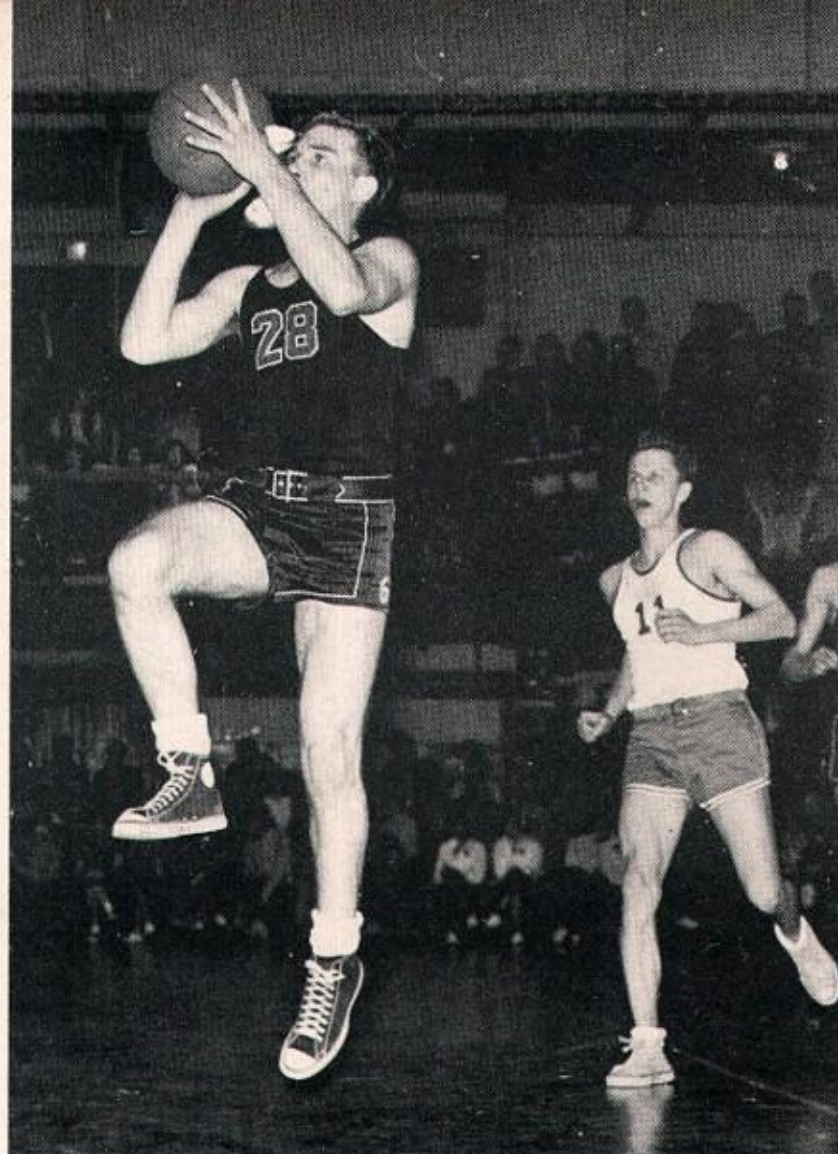

The Blackshirt basketball team proved to be the surprising, but also the unpredictable, team of the Suburban conference. When they were hot, they were the hottest. But when they were cold — Brrr. Fortunately enough, their cold spells were few and far between, and the Shirts were able to take third place in the conference race, boasting a record of ten wins and four losses.

The Shirts opened their season with their annual non-conference game against Janesville. Trying out their un-tested muscles, the boys found they were a team to be reckoned with when they took the Janesville men 58-53.

Opening their regular season, Coach Saubert took his team to Greendale, a newcomer into the league, to show the youngsters that they were entering into a pretty rough conference. Paced by Bob Lombardi, they did just that, winning handily 48-38. Waukesha fans finally got a chance to see the locals in action as they returned to Waukesha to take on a win-less Cudahy team. The Shirts found little re-

sistance in the Packers as they romped over them 66-43, with sophomore forward Mattiacci donating 27 points to the cause. Led by Schaefer, the Shirts proved that they were almost invincible on their home court as they added Central to their win column by means of a 47-39 victory.

LADY LUCK DESERTS TEAM!

But even a four game winning streak must come to an end, and Waukesha started on a win famine as the local quintet traveled to Racine to meet the powerful Racine Horlick crew. It turned out to be one of those nights where nothing seemed to click as the Shirts came out on the short end of a 54-37 score. Next, the Shirts met Shorewood. The Greyhounds, with a home court advantage, held the high-scoring Waukesha team to a measly 25 points while they countered 37 points for themselves and scored one of the biggest upsets of the year.

Then the visitors from the north invaded Waukesha to play their annual Christmas non-conference games, and handed the staggering Blackshirts two

Dresdow (33) and Schwartz (27) block a W. A. Central shot in an attempt to get control of a loose ball.

more stunning defeats. First, the Shirts played Wisconsin Rapids, the team rated number one in the state, and were helpless against the mighty Rapids team, who handed them a 55-44 drubbing. The following night the Shirts met fourth ranked Stevens Point, and, in spite of a desperate fourth quarter rally, the Pointers won 62-58.

SHIRTS WIN TO RAISE TITLE HOPES

Led by Mattiacci, the Backshirts showed the conference they were still plenty tough as they beat Whitefish Bay on the Bay floor, 66-50. The Cardinals really hit their stride the following week as they whitewashed a visiting Hale team, 70-47. Mattiacci was again the ring-leader, this time with a total of 30 points.

February 15 loomed large on the Waukesha sports calendar. The inspired Blackshirts, playing at their peak of proficiency, scored an amazing 68-45 win over second-place Wauwatosa. The locals, by means of this victory, momentarily climbed into first place in the red hot conference race. Mattiacci, also at his finest, gunned in 34 points which was tops in the Suburban conference for the entire season.

MUSTANG GAME IS UPSET OF THE SEASON

Defending champions West Milwaukee did the freezing with a 50-46 upset over the high-flying Blackshirts. First place South Milwaukee made it two in a row when they routed the visiting Blackshirts 69-53. Although Litt did turn in his best game of the year with a 28 point spree, Schauer and company were just too much for the locals to handle.

Avenging these two defeats, the Waukeshans enjoyed a four game winning streak by means of a decisive victory over the visiting Greendale team 66-41, with Mattiacci leading the way. The Shirts traveled to Cudahy to make it two victories in a row over the cellar-dwelling Packers as they won 58-48. The Spring City quintet followed up these victories with a 66-45 shellacking of Central on the Central floor. Mattiacci scored 25 points to break the conference scoring record of 216 points. Paced by Litt and Dresdow, the Shirts showed Shorewood that the home court and home crowd make all the difference in the world as they got revenge for their earlier defeat with a 50-33 victory over the Greyhounds. This home court advantage almost spelled defeat for first-place South Milwaukee but they managed to stave off a spirited fourth quarter rally by

the Blackshirts and stay on the long end of a 61-58 score. Senior guard Schaefer led the Waukesha attack in their final conference game as the Shirts closed their regular season with a 10 and 4 record.

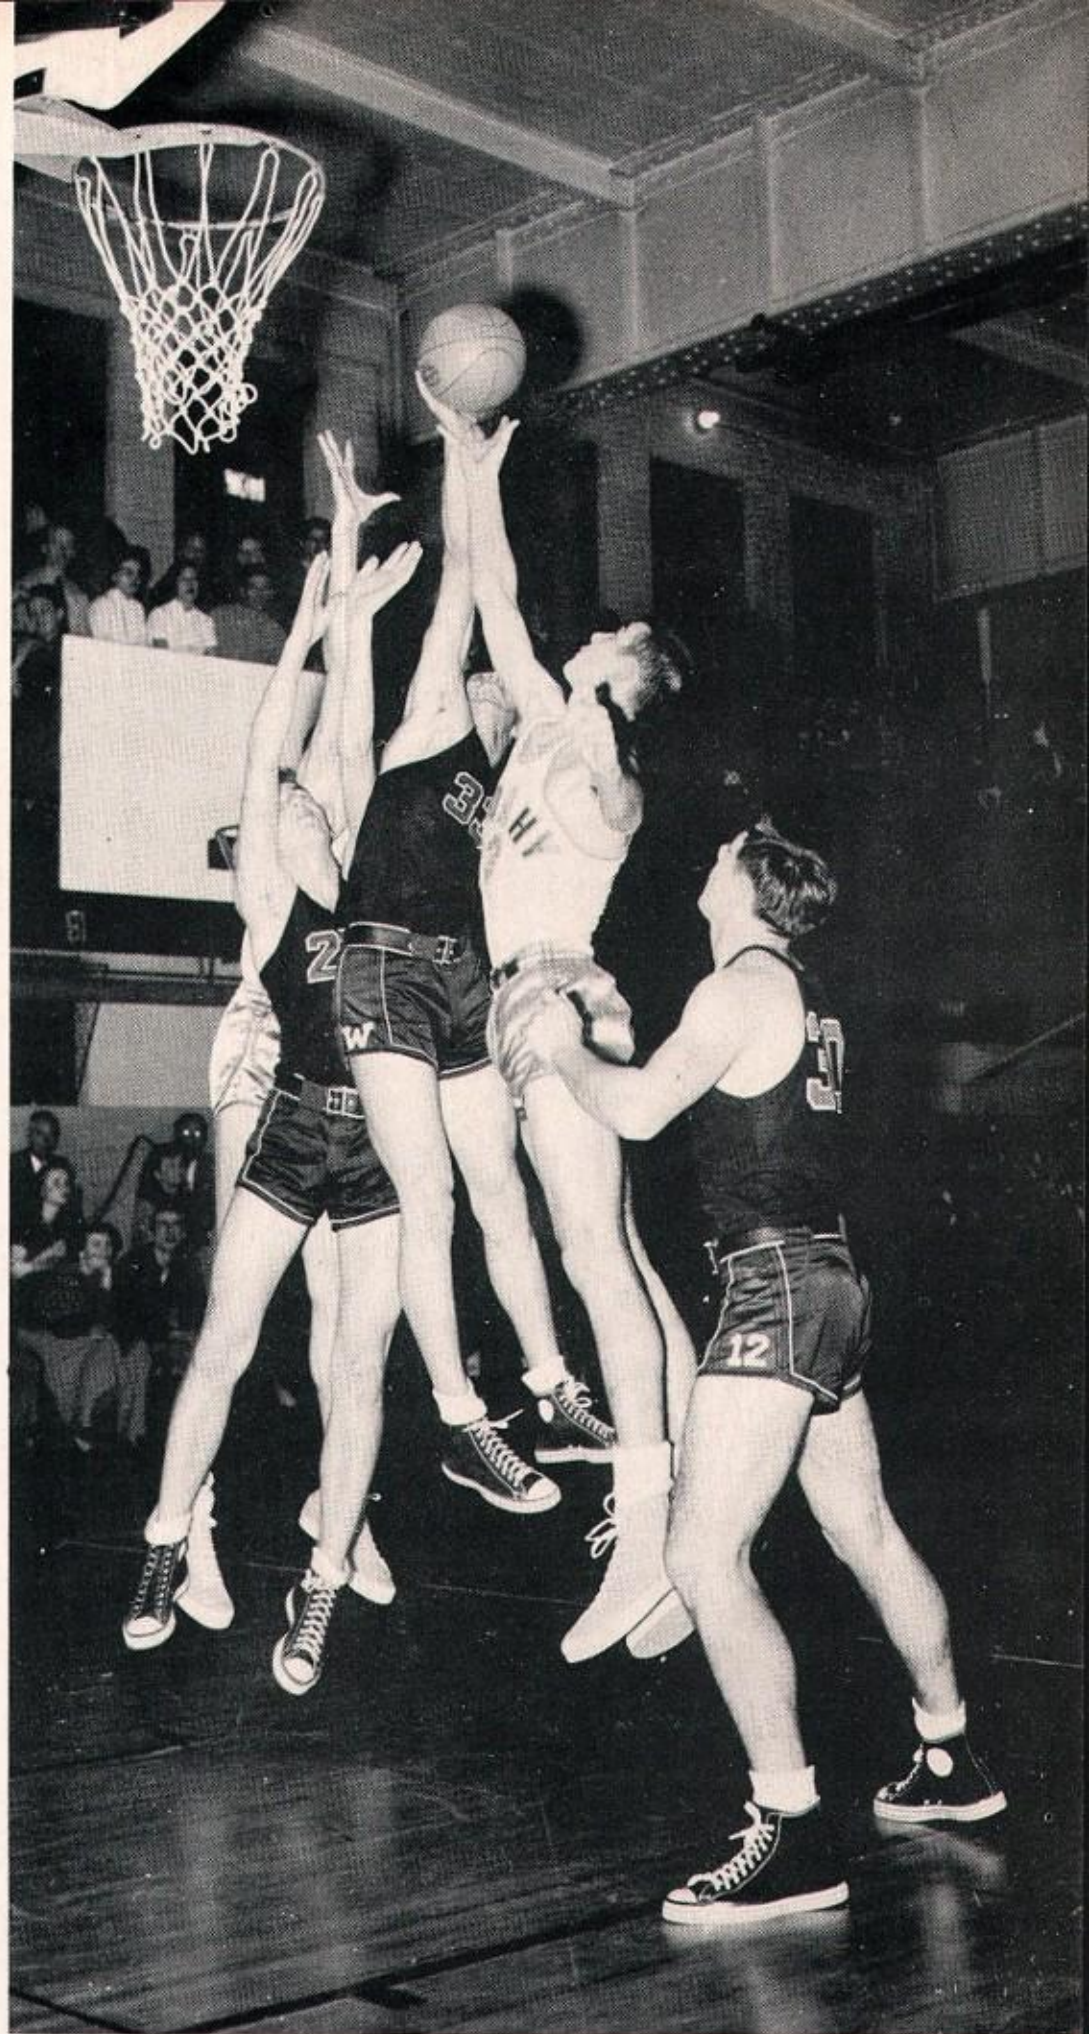

TIE FOR THIRD AT TOURNEY

Revenge was the whole story for Waukesha in the regional tournament at Wauwatosa. First, the Shirts got revenge for their earlier defeat at the hands of West Milwaukee as they beat the Mustangs 54-49. The locals got off to a very slow start and were losing at one time 17-8, but they soon found themselves and managed to build up a 52-38 lead. Coach Saubert then decided to use one of his favorite tactics — the stall, as he put Davis in to take charge of things. The Mustangs might just as well have given up as "Choo-Choo" went into his dance.

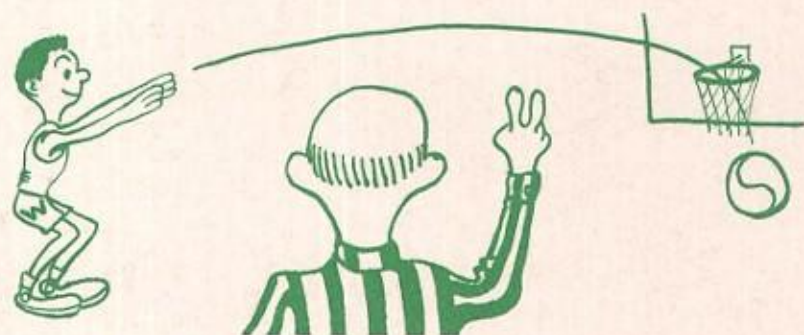

Unfortunately, Tosa was also in on the revenge story as they turned the tables on the local quintet and eliminated them from the tournament with a 68-56 victory.

To top off their highly successful season, the Blackshirts placed both Mattiacci and Litt on the All-Suburban first team and Bob Lombardi received an honorable mention award.

Cudahy stops Lombardi (20) from a score but fouls in the process to give Bob a gift shot.

Tipins, such as this attempted by Dresdow (33), prevent missed shots from being a total loss. Lombardi (30) and Schwartz (27) are ready to forestall any Cudahy action.

Mermen Try For Speed, Form And Records

SWIMMING 1952

Handicapped by a lack of top-flight material, Coach Campbell tried to mold his 1951-52 swim team around eight returning lettermen, but could not live up to the high standards set by last year's squad, dropping seven out of eleven dual meets. The mermen started out their ill-fated season in fine shape, taking their first three meets. The team then met its Waterloo — the flu bug. Over half the team came down with this dread disease and they never seemed to recover completely, dropping ten out of the next eleven meets.

However, the team scored an amazing upset in the Cardinal Relays, taking second only to Tosa and beating such teams as Shorewood, Pulaski and Whitefish Bay. It also boasted Vitale and Potthast, the most potent one-two punch in diving in the state, and the reliable relay team of Jones, Hatch, Thompson and Petajan, that broke the school record in 1:43:5. These men, plus Schwingel and Draeger, all qualified in both the Suburban Meet, where they placed fourth, and in the State, where they managed to take fifth.

Potthast demonstrates the pike one and a half which helped him win 3rd place in the state meet while 2nd place teammate Vitale looks on.

Champs Repeat A Clean Sweep Of Titles

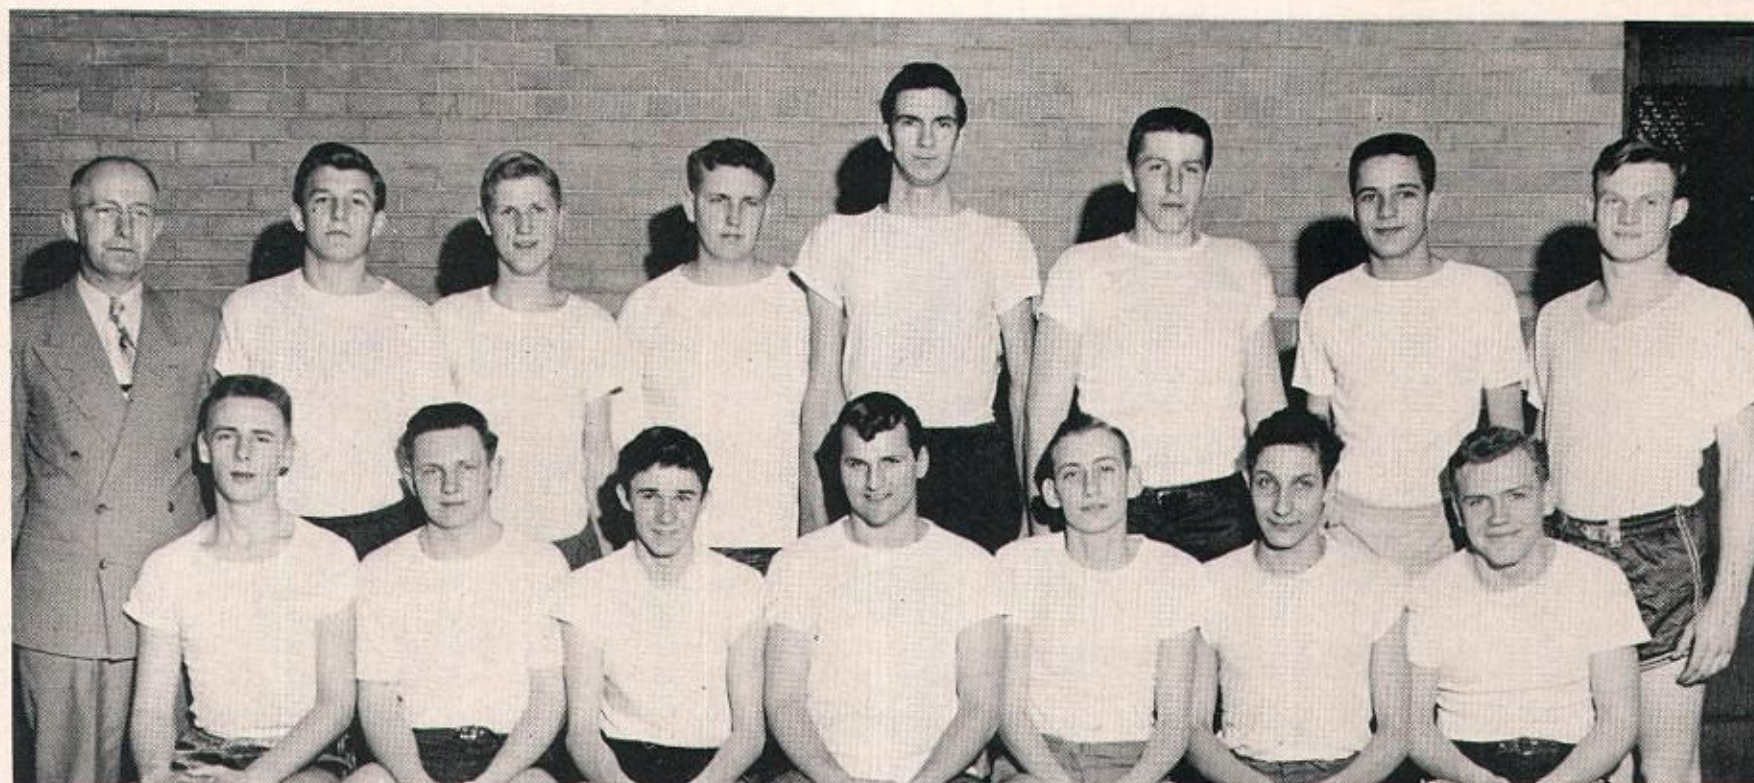

VOLLEYBALL 1951

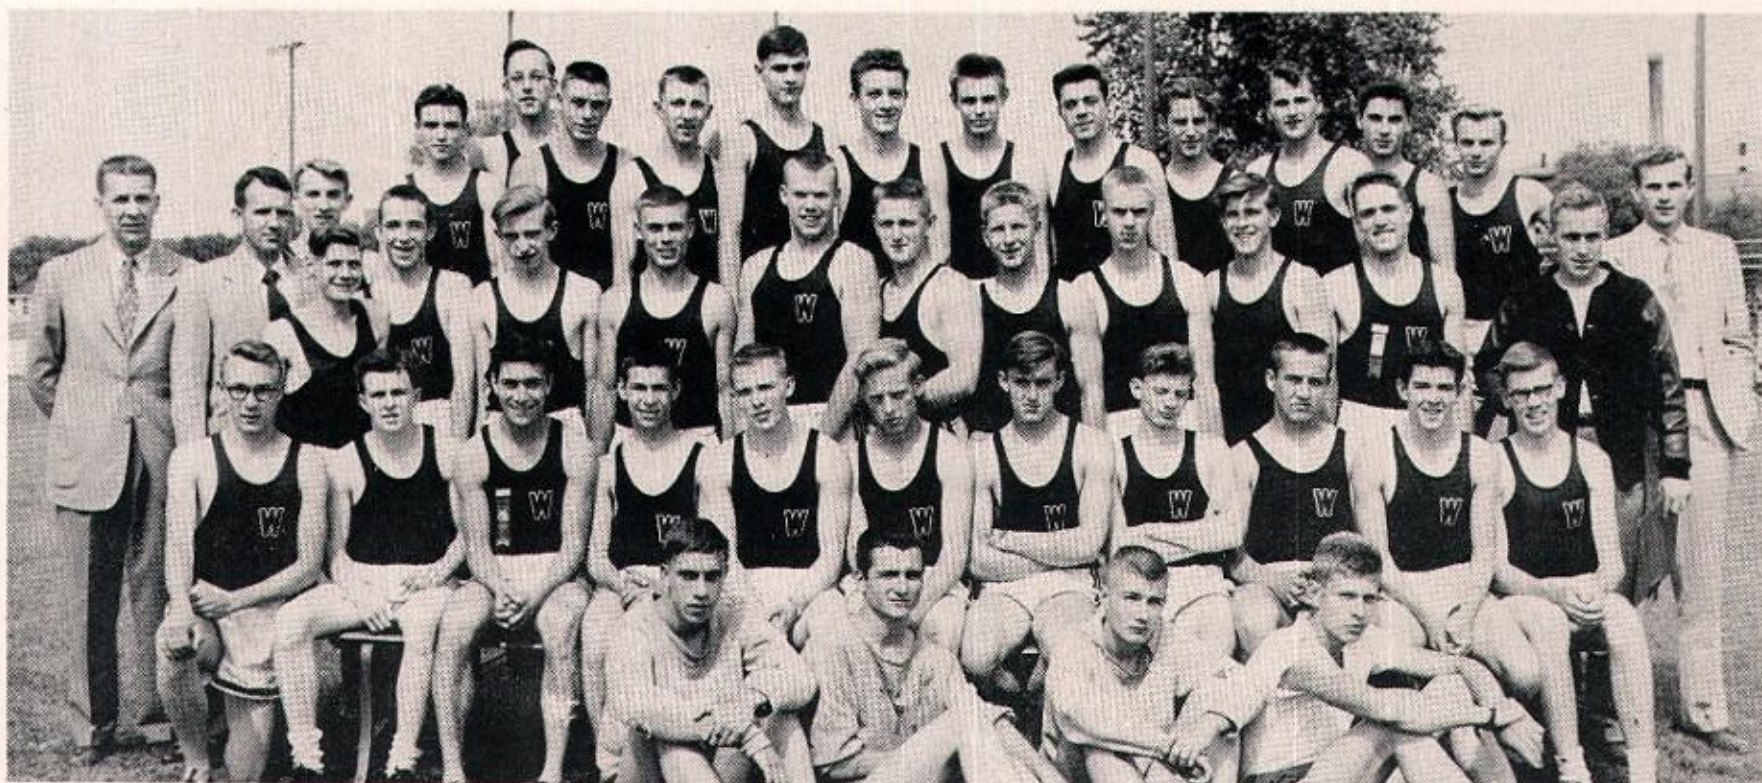

They did it again! The Waukesha netmen "Sohr-ed" to another Suburban Championship! This makes the record of championships for Waukesha's coach, Roger Sohr, rise to 22 with three ties in 26 years of competition. The volleyballmen not only won the Suburban Title but overwhelmingly topped the State Title to give coach Sohr a well deserved 25th anniversary present. The Shirts rolled smoothly through the Suburban campaign with 24 straight wins, with only little resistance coming from the South Milwaukee sextet. In the State Tournament, held at Waukesha, the Blackshirts breezed through five straight teams having only maximum of five points scored against them in their Championship march. The Champs include: Art Rahn, captain, Dick Krueger, Jack Mathie, John Parson, Dave Horr, Russ Schallow, Elmer Biersack, Carl Schoellig, John Atkinson, and Roger Sohr Jr. Lettermen returning to defend the championship are Art Rahn, Jack Mathie, Elmer Biersack, Carl Schoellig, and Roger Sohr Jr.

Spring Sportsters Battle Mud, Wind, Rain

TRACK 1951

Waukesha's cindermen under the experienced hand of coach Bob Campbell were a threat for the Suburban Championship all the way but due to the weak spots in the field events they were always just one step behind the top contenders. Some of the bright spots of the Blackshirts campaign were their victories over Wauwatosa in the dual meet at Waukesha 68-53, second place in the Big Eight — Suburban Conference Meet at Kenosha, second in the Suburban Relay Carnival, first place in the State Sectional at South Division, and third place in the Suburban Championship Meet. With such point getters as Malone, Basse, Buth, Schultz, Scichili, D. Otto and Gronewald the Shirts proved to be very strong in running events but only showed little resistance in the field events. Returning lettermen were topped off by Mike Malone, conference champion with his 4.41 mile run along with Ritt, Scichili, Ferguson, D. Otto, Peterson, Merton, Kowalski, Lederer, Litt, Shane.

TENNIS 1951

Once again the Waukesha netmen demonstrated the prowess of a Blackshirt tennis team as they

stroked their way to a second place tie with Shorewood behind the invincible Tosa team.

Led by Jamieson and Potthast, who was undefeated for the entire year, the netmen ran up victories over Whitefish Bay 3-2, St. John's 4-1, Hale 5-0, South Milwaukee 5-0, Cudahy 5-0, and Central 5-0. The netmen's only losses were against Tosa, 3-2, and a rained out match with Shorewood, 3-1.

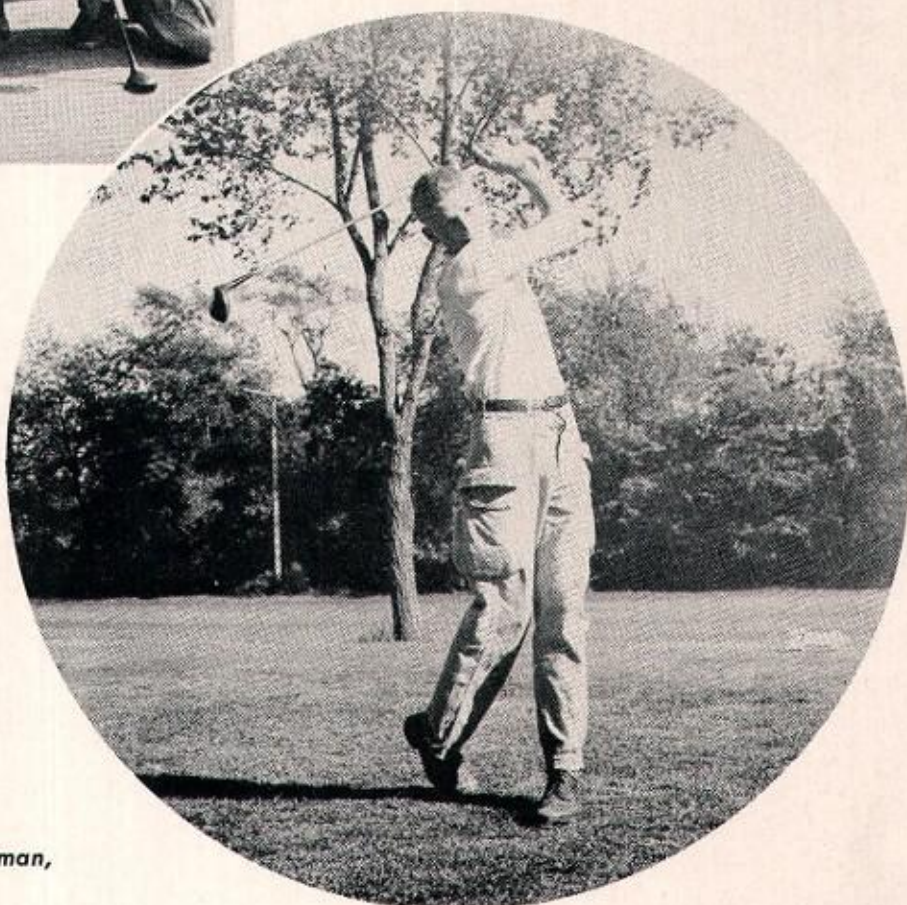

Besides Jamieson and Potthast, Coach Friese's squad consisted of Kioseff and Christoph at singles, while Gusho and Putz, Kimball and Guttman made up the doubles teams.

GOLF 1951

The Waukesha "divotmen" led to the fairways by their "par breaker" coach Vince Gavre compiled a 4-4 match standing during their 1951 campaign. This being the first season with an official coach, the Blackshirts experienced much more fundamental guidance than in the previous years. With such top notch golfers as Doug Rasmussen, Rocky Schaefer, Walt Orgas, Grant Kluge, and Willie Markham the Shirts copped 5th place honors in the Suburban Golf Meet. Rasmussen was the only Blackshirt to take individual honors.

Shane, Williams, Mitchell.

CROSS-COUNTRY 1951

The sport of distance-running is a tough athletic test. It requires great endurance and an iron will. The local harriers coached by Dick Janisch, showed enough of both to boast a proud record of 7-1. With such outstanding point getters as Kowalski, J. Shane, Malone, Lederer and H. Shane the Shirts were just nosed out of the Suburban Championship by South Milwaukee. J. Shane and Kowalski took 3rd and 4th place honors respectively in the Suburban Meet. In the State Championship the Black-shirts took 5th place honors while J. Shane and Kowalski took 8th and 21st place honors respectively. The B-team also shared the spotlight as it copped the Suburban Meet while losing only the Midwestern Meet.

BASEBALL 1951

For the first time in 30 years Waukesha High has again taken up baseball. With the Recreation Department supplying the uniforms and the Athletic Department other equipment, the team made its appearance in the Suburban summer baseball league. Under the excellent coaching of Chuck Heyer, the fighting Shirts were crowned co-champions with Cudahy, both having an 8-1 record. The Shirts' only loss was a 7-5 upset by Hale, while their most outstanding game was a 4-3 victory over the league-leading Cudahy. Top performers on the team were undefeated pitcher Gary Lawrence and left-fielder Spelius, who led the league in hitting with a neat .565 average.

BASEBALL TEAM: STANDING: Coach Heyer, Mindiola, P. Lawrence, Merten, Hickman, Normington, Graf, Miller, Israel, Mgr., Ferree, Mgr. KNEELING: Hoffstetter, Dresdow, Seidl, Scichili, Atkinson, G. Lawrence, Spelius, Shane, Freitag, McCoy.

Here S.M.U. defending B.A.A. Basketball Champs make it their third straight victory over the F.F.A.

One of the popular G.A.A. sports is basketball. Here Kneiske's team tries to block the ball while one of Pfeil's players jumps for a basket.

Intramurals Prove That Athletics Are Fun

G.A.A.

Bulletins in the rec room showed a busy schedule for the 200 girls in G.A.A. Archery and volleyball started the fall program with basketball, ping pong and badminton following during the winter. Spring brought baseball, tennis and swimming.

Following all championship games, all star teams were announced at the spreads after each sport. The highlight of the year was the annual spring banquet where Miss Dodge and Miss Conner presented the sports awards. With much elation Gen Davies' team, "Davies' Dandies," accepted the treasured G.A.A. cup. Each girl who qualified for a letter by earning 1000 points experienced a feeling of pride as her "W" was presented.

President Mary Jo Collins outlined her plan to promote the feeling "There are Others" which resulted in sending toys and clothing to a needy family in Kentucky.

Cries of, "hot dogs, peanuts, candy bars," were heard as "GAA"ls worked to finance the organization. Their enthusiasm showed they were really sold on G.A.A.

B.A.A.

Every year the B.A.A. gives the boys who can't go out for regular sports, a chance to form their own kind of intramural athletic program. They play football at Carroll College practice field during the activity period Monday and Wednesday. The winning football team was the Senior A's whose captain is Melvin Bates. There were twelve teams with eight to ten boys on each team. In basketball there were thirteen teams. The F.F.A. won the Junior-Senior league while Ken Schultz's Illinois won the Freshmen-Sophomore league. The B.A.A. also holds a free throw contest every year in the gym. Anyone who wants to try gets twenty five throws. Then in the spring the B.A.A. starts softball.

Each grade sends a number of boys to the B.A.A. meetings. There are four from the twelfth grade, three from the eleventh grade, two from the tenth grade, and one from the ninth grade. The officers are president, Melvin Bates; vice-president, Ed. Cohn; secretary, Dave Markle; and treasurer, Dave McCoy. Mr. Corrigan is the director of B.A.A.

Winning the G.A.A. volleyball championship gives Wiley's team a real appetite. The Christmas spread is tops on the G.A.A. mid winter calendar.

Hedtcke's sophomore team takes the underclass championship in touch football and proves the sport can be enjoyed without the usual suits of armor nor the color of the crowd, all they need is the field to compete.

At the Sign of the Brown Paper Bag! Senior high students hastily eat their home-made lunches as Room 110 fills with hungry kids, empties, and fills again. Nearly 900 students take part in this daily scene.

How many dates? Shall I go steady? These two questions bother students and parents alike. "6 dates a month" is the usual answer to the first; "no" to the second. However, 314 teen-agers (of which Marlene Weeks and Jim Dresdow are typical) do choose to go steady.

A place for everything and nothing in its place describes the typical locker. Kathy Gill and Phyl Venes discover that getting something out isn't as easy as putting it in, while Jeanne Halama does a bit of housecleaning.

Television is a popular pastime in the home of over 1000 students. Here the Grafts — Lois, Patty, Jimmy, their parents and the small fry enjoy a favorite program together. 2 to 3 hours spent watching television is typical of most high school students.

CLASS ACTIVITIES

The Juniors had the fun — and the work — that goes with being upperclassmen. Maps and dates for American history blended into their first year of A Cappella rehearsals. Following a clever and close campaign, class officers were elected to assist their class adviser, Miss Fraser. President George Merten doubled as Prom King. With Mrs. Fryatt, he and his queen headed the multitude of Prom planning committees. After weeks of organizing and decorating, Prom climaxed the year with excitement and magic packed into one fun-filled weekend — to end the best year of all!

CLASS ADVISER: Miss Fraser.

CLASS ACTIVITIES

A few extra inches added to past years of experience made the Senior profile stand out as one of honor.

With Problems, Physics, Trig, and Dramatics, added to being presidents, chairmen or team leaders, the 24 hour day was never long enough. Graduation pictures to have taken, vocations to consider at Career Night, the last Homecoming floats to decorate, caps and gowns to try on, Visitation Day, and then Baccalaureate and Senior Night kept the seniors and Mrs. Compton really on the go.

Having filled the last pages of their already packed scrap books of memories, seniors and their officers prepared for that once in a life time experience — graduation.

Dear—,

I'll Never Forget When—

Dear Frank,

I hope you have
the finest summer
vacation ever.

Don't give the girls
such a hard time
and take it easy.

I hope to see you
in some of my
classes. Denny
wishes

Just To Remind You Of Your Big Moments

Dear Frankie H.P.
Dumb

I know you would like a date with my sister this summer, but she is too good for you. You'll have to refrain your efforts too. Ladies C. and Bros P. and I know you will enjoy it very much. Oy Yea! I know they will suit you because you eat that stuff right up. But Take It Easy so ^{Chackies Favorite WORD?} you Don't Choke On It. This summer I am confident that you will do your level best to Leaf on the sub-Bunnies. I know you leaf the most. You just sit on your tractor and Watch. You aren't good for anything else. I am starting to write a little bigger because this page is pretty long and my arm is getting shorter. Oy Yea! Well H.P.,

I bet you don't know what H.P. means, because you have been sitting-AND-WATCHING TO

LONG. Oy Yea! Oy Yea! Oy Yea!

Chackies Favorite WORD?

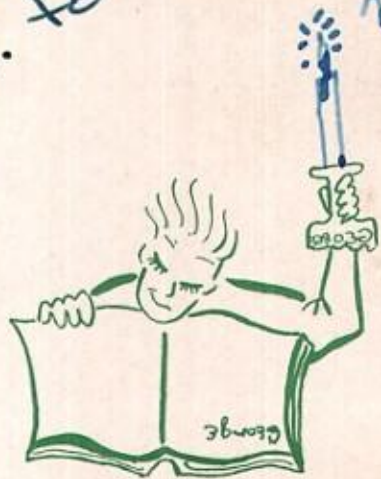

anyway Good luck and Good sitting and watching this summer at State Fair, Your Happy Hunting Grounds Have Fun Fred Johansen

The Great, Magnificent, Wengert! Even better than Frank W.

Your Handwriting Gives Away The Real You

Dear Frank,
 Luck to a sweet kid.
 I hope you are in a lot
 of my classes next year. Here's
 hoping.
 P.S. I hope I'll
 see you at the
 State Car races a
 lot this summer.
 Love in pretty Keener.

Well, Frank, we
 through with another sentence
 in our beautiful vine-covered
 institution. Great days we had in
 lots of fun. We climbed up the candlestick...
 stock cars this summer and I'll see you
 next year. to a brace five laddie.
 My, but you're bright.

ar hair-pee,
of my biggest
arguments this year is
my acquaint to the best
in pool class. You're really
swell kid and we sure had some
good times. Best wishes,
Ken Wain

Dear Frank,
It sure has been fun
being in English and history
classes with you. English what
a riot huh? Lots of luck to a
real nice guy. Have fun this
summer be good

Frank,
Keep on working ~~on~~ on
that fiddle,
and maybe some day you'll
be able to fiddle.

Lots of Luck in "53"
